## **The Volunteer Revolution Unleashing The Power Of Everybody:**

The Volunteer Revolution Bill Hybels, 2009-05-18 Pastor Bill Hybels believes that there is a new reality in America. The church has entered an era of growth and unprecedented spiritual opportunity to share the Gospel yet at the same time we face a shrinking economy and a world in crisis. This poses a great resource challenge for the church. In order to reach out to people who are spiritually hungry, the church needs more people to be equipped to serve others. Hybels passionately believes the key to the future of the church is the equation  $X \text{ paid staff} + Y \text{ volunteers} = Z \text{ bearing much fruit for God's glory}$ . Churches cannot afford to continue hiring more and more staff with limited budgets. The key to resourcing the church is what Hybels calls the Y factor. The Y factor is the pool of volunteers in every church. The great need of the church is to grow the church's volunteer base through the equipping ministry of church staffs. As churches recover the message of Ephesians 4:11-12 to equip God's people for works of service, they will launch a Volunteer Revolution. People are just waiting to discover the gifts and passions that God has given them to serve others and then be invited to use those gifts and passions through the local church in order to advance the kingdom of God on Earth. Hybels believes that every church staff should be helping people discover their spiritual gifts, passions, and place of service in order to meet the growing needs in our churches and world. Hybels makes a clarion call to move beyond volunteer retention to volunteer acquisition. By attracting, connecting, training, and sustaining volunteers, churches will mobilize people into places of service that will bring new meaning to their lives and understand why God put them on planet Earth. Hybels also outlines how we can build lifelong volunteers in the church through community celebration and commendation.

*When Leadership and Discipleship Collide* Bill Hybels, 2009-05-26 When Leadership and Discipleship Collide Using stories from his own life and ministry, Bill Hybels shows how the laws for leadership success can sometimes crash headlong into another reality: an inner prompting of the Spirit showing you a different approach. The decisions you make at that point could affect not only you but the ultimate destiny of those you lead.

**Living and Leading from Your Holy Discontent** Bill Hybels, 2009-12-15 In this made-for-use guidebook, Bill Hybels provides the exact steps needed for ministry leaders to translate the principles described in his book *Holy Discontent* into practical and effective action. What is the one aspect of this broken world that when you see it, touch it, or get near it, you just can't stand? What reality is so troubling that it thrusts you off the couch and into action? This is what Bill Hybels refers to as a holy discontent: a personal firestorm of frustration that, although sparked by that which is terribly wrong, can catalyze fierce determination to set things right. It is often during these eye-opening, heart-hungering moments of engagement when you will hear God whisper, "I feel the exact same way about this situation. Now let's go solve it together." Here are the steps and the guidance you need to make that happen. This companion to *Holy Discontent* includes interactive processing exercises that encourage you to ask the tough questions of your ministry strategy, your supporting organizational structure, and the key people with whom you collaborate. Sidebar stories of ministry leaders who are living and leading from their holy discontent in

analyze the experience of young people involved in Hong Kong Scouting throughout the years both colonial and post colonial The book is richly illustrated with interesting and instructive images and relied heavily on a doctoral dissertation by the author though they are also significantly different in both structure and content It is a critical study aimed at both general readers and readers with more specific interests and should enrich their understanding of the histories of Scouting youth citizenship education the colonies the British Empire decolonization China and Hong Kong By reconstructing the evolution of Scouting from a niche movement for a handful of British boys before the First World War to a fully indigenized and co educational mass movement in the post colonial Hong Kong society it fills a gap in the historical studies of youth movements around the world By analyzing how the movement and the re construction of its particular brand of citizenship training reflected the development of the community it adds to our understanding of the political cultural and social history of Hong Kong often influenced by that of China By demonstrating the uniqueness of its evolution in the colonial context it provides useful comparative insights into the history of imperialism and colonial youth movements By exploring the choices made by local Scouting since Hong Kong s retrocession of sovereignty to China it compliments other studies on decolonization and post colonial citizenship
