The Superquack Hoberleigh Phreigh,2013-12-04 Why would an honest self respecting practitioner of energy healing call herself a superquack Do I really consider myself a quack Well no However there are quite a number of people who consider the work of energy healing to be quackery and at one time I was one of them After years of extensive study and success in my practice I have changed my mind While I do take my work seriously I dont take myself seriously On that score I am willing to use humor to get my point across This book is the story of my journey from a cold skeptic to a curious explorer to a believer with such passion that I have made energy healing my lifes work The accounts range from my introduction to energy work and my personal experiences beyond the physical senses to sharing information from sessions with clients using energy in the body and in the mind in order to relieve dis ease Welcome to my world
