Human II: Mother Spirit Speaks Jerry Lane, 2015-03-01 The central deity personalities of the Urantia Revelation are humanity's spiritual parents Christ Michael or Jesus and his coequal partner Mother Spirit In this sequel to *The Adventure of Being Human Lessons on Soulful Living* from the Heart of the Urantia Revelation the focus is exclusively on Mother Spirit the all loving omnipresent mother of us all She is the reality behind all of the cherished notions of a divine mother throughout human history as well as the majestic source of the Holy Spirit and of life itself In this charming guide you will learn all about her and discover how she regards the unique challenges of being human She will explain why our lives on this complex and sometimes dangerous planet offer an ideal setting for our adventures of soul growth This book provides a selection of Mother Spirit's teachings from her many years of live transmission sessions along with rich supporting materials Her unprecedented and delightful instructions on the art of soulful living are more accessible than ever before [Your Evolving Soul](#) Byron

Belitsos, 2017-05-25 Sparks of genuine revelation are contained in many religions and esoteric systems *Your Evolving Soul* declares that we've been graced with a new revelation for our time the little known Urantia Book which has quietly sold over one million copies in a dozen languages According to the author of this comparative analysis the disclosures about self soul and spirit in the Urantia Revelation stand alone in their coherence and richness of detail *Your Evolving Soul* is the first book to fully explain this advanced teaching for the ordinary reader offering clarity and inspiration for those on any path Belitsos compares the Urantia Book's futuristic teachings about the threefold design of the human self system to the models of selfhood proposed by many previous thinkers ranging from Plato and Saint Augustine to Carl Jung and Ken Wilber He provides essential context for this discussion by illuminating the relationship of the Urantia text to scientific psychology and to the world's religions with special emphasis on Christianity and Buddhism *Your Evolving Soul* also provides an introduction to the cosmology theology and philosophy of the Urantia teaching and reveals its many affinities with contemporary integral theory and modern theology Through his lucid interpretation of the Urantia Revelation the author offers a model of the human self and soul to be tested examined and compared not a finished truth to be accepted as doctrine Readers of this book will discover a plausible hypothesis of how our evolving soul becomes an immortal vehicle of our true identity They also learn how our soul making decisions can lead to the development of a creative loving unified and perfected personality now and into the afterlife **The Urantia Book**, 2017-12-05 You have just discovered the literary masterpiece that answers your questions about God life in the inhabited universe the history and future of this world and the life of Jesus The Urantia Book harmonizes history science and religion into a philosophy of living that brings new meaning and hope into your life If you are

searching for answers read The Urantia Book The world needs new spiritual truth that provides modern men and women with an intellectual pathway into a personal relationship with God Building on the world's religious heritage The Urantia Book describes an endless destiny for humankind teaching that living faith is the key to personal spiritual progress and eternal survival These teachings provide new truths powerful enough to uplift and advance human thinking and believing for the next 1000 years A third of The Urantia Book is the inspiring story of Jesus' entire life and a revelation of his original teachings This panoramic narrative includes his birth childhood teenage years adult travels and adventures public ministry crucifixion and 19 resurrection appearances This inspiring story recasts Jesus from the leading figure of Christianity into the guide for seekers of all faiths and all walks of life [The Urantia Book](#) Urantia Foundation, 1955 This priceless and inexhaustible resource is the ultimate synthesis of science philosophy and truth of reason wisdom and faith and of past present and future This book comes in either red or blue *Reason and Revelation* Byron Belitsos, 2024-05-15 Proponents of the UB are overdue for serious dialogue with the intelligentsia of our society including the academic community This introductory anthology builds bridges to these serious thinkers especially those unfamiliar with The Urantia Book It is suitable for those with research interest in religious studies philosophy theology history and general humanities This anthology provides the highest quality research essays about The Urantia Book UB in one standalone introductory volume Aside from their high quality of writing these materials have been selected for three reasons They showcase genuine scholarship and deep research on The Urantia Book These essays bridge to contemporary knowledge outside the UB Each piece is suitable for readers new to the Urantia text Adherents of the UB are long overdue for serious dialogue with the academic community as well as with the intelligentsia of our society most of whom are unfamiliar with The Urantia Book In addition to introducing the UB to academics thought leaders and cultural influencers Reason and Revelation is also designed as an introductory textbook for use in university classrooms especially in fields such as religious studies philosophy theology history and general humanities Like the Urantia revelation itself this anthology is holistic and interdisciplinary However it does not provide essays on the social and natural sciences these topics will be covered in a future volume Reason and Revelation is divided into four parts I General Studies II Origin and Influence Studies III Religion Ethics and Spirituality IV Philosophy and Theology Because no prior knowledge of the UB is required Part I provides a beginner's orientation The later sections further introduce UB teachings on more specific topics building upon this earlier section Most but not all of these later essays are chosen because they are comparative they assess the UB's teachings in relation to the contemporary academic understanding of the chosen topic Several chapters simply provide studies of key topics at academic depth To further aid readers the anthology provides an extensive glossary appendices charts and an index **Consider What the Angels Say** George DeVangelos, 2016-08-31 Our world now and throughout history has had conflicting accounts of the nature of God and man's relationship to this cosmic deity These conflicts have wrecked havoc within the societies of humanity to dangerous

levels Mankind has relied upon his sacred and canonized scriptures to provide doctrinal absolutes for his religions but these absolutes differ and therefore cannot possibly all be correct at least in specific contexts However there exist a very mysterious book circulating worldwide that does have specific detailed and consistent answers to all of our questions The origin of this book is steeped in mystery and no human author has claimed ownership to its teachings which cover 2097 pages of intensive reading and exhaustive information This book is known as the Urantia Book and has been placed in the public domain The Urantia Book takes us from the conceptual locations within our segregated religious heritage and correctively re calibrates our various belief systems which have been unavoidably limited and distorted by our world views throughout human history After its conceptual enhancements and adjustments the Urantia Book enlarges such informational details into an elevation of more exact universal levels of perception as an advancement of cosmic truth Consider What the Angels Say takes this expansive and intricately complicated book and presents a timesaving presentation of its teachings and gently correlates it with Christian doctrines and other religions as well as human philosophy and knowledge In this book the following questions will be answered What exactly is God and how does this phenomenon relate to infinite reality the time and space cosmos other spiritual beings and our world Exactly what is the Godhead Trinity and why is it a necessary foundation for the existence of universal reality What are angels and spiritual principalities What are their levels and types and how do they interface and interact between supernatural and human situations How does the historical Jesus Christ fit into the spiritual dimensions of reality How is he related to the one eternal God and how is Jesus an integral part of our soul salvation How was man physically created and what accounts for the variances in human biological races and how does this correlate with the theory of evolution What is the nature of the human soul and how is it translated into the eternal spiritual realities and how does it exist beyond death and what is its destiny How did mankind come to develop and organize his cultures and what part did supernatural spiritual beings play in the formulations of man s religious doctrines Why has there been so much tragedy hardship war disease and social discord throughout our history What is the nature of sin and why does evil even exist Something is not right what went wrong In all of the versions of religious theologies and doctrines worldwide no one book explains the details of these universal mysteries as completely and systematically as the Urantia Book it is truly a gift from the angels Consider What the Angels Say is a concentrated effort forged from the heartfelt love and concern for humanity to introduce this majestic angelic book to all who are able to receive and benefit from its supernatural information

Truths about Evil, Sin, and the Demonic Byron Belitsos, 2023-04-18 The Problem of Evil and the Predicament of Theodicy As Christians or theists we are moved to share the truth of God s love for humankind But how can we speak of such providential care in a world rife with crime war racism genocide and even ecocide In response to this predicament a theodicy proposes a rational defense of God s goodness that offers consolation to victims and hope to all believers Truths about Evil Sin and the Demonic provides a sweeping history of the discipline of theodicy that focuses on its strategic turning points and

its possible future Belitsos argues that because of the atrocities of the last century and the threat of horrendous evils in the coming century we need to marshal the most explanatory elements of all previous theodicies and then drive toward an integrative model based on a creative synthesis The author also turns to a modern revelatory source that supports his argument for such a meta theodicy He concludes by critically engaging with this source and the entire tradition in his call for an apophatically informed integral theodicy UFO Religions Christopher Hugh Partridge, 2003 The spectre of the UFO as popularized by shows such as The X Files has brought an astonishing slant to the face of modern religious practice But what motivates the fantastical and sometimes sinister beliefs of UFO worshippers UFO Religions critically examines some of the fascinating issues surrounding UFO worship abduction narratives UFO based interpretations of other religions the growth of pseudo sciences purporting to explain UFOs and the responses of the core scientific community to such claims Focusing on contemporary global UFO groups including the Raelian Movement Heaven's Gate Unarius and the Ansaaru Allah Community it gives a clear profile of modern UFO controversies and beliefs *The Urantia Book - New Enhanced Edition*, 2020-12-30 The Urantia Book Enhanced Edition contains The Urantia Book a comprehensive index a glossary of terminology and a pronunciation guide These tools help students not merely read the book but actually study the book If you are new to The Urantia Book you have just discovered the literary masterpiece that answers your questions about God life in the inhabited universe the history and future of this world and the life of Jesus The Urantia Book harmonizes history science and religion into a philosophy of living that brings new meaning and hope into your life If you are a seeker who requires answers read The Urantia Book This book portrays our relationship with God the Father All human beings are the sons and daughters of a loving God and therefore brothers and sisters in the family of God The book provides access to spiritual truths and a pathway to a personal relationship with God People worldwide proclaim that reading The Urantia Book has profoundly inspired them to reach deeper levels of spiritual growth given new meaning to their lives and motivated them to be of service to humanity
