Development Centre Studies The Visible Hand of China in Latin America OECD Development Centre, 2007-04-18 Latin America is looking towards China and Asia and China and Asia are looking right back This is a major shift for the first time in its history Latin America can benefit from not one but three major engines of world growth Until the 1980s

Development Centre Studies The Visible Hand of China in Latin America Santiso Javier, 2007-04-16 This book describes the opportunities and challenges that Latin American economies will face as Chinese importance in the world economy and in Latin America's traditional markets continues to grow The visible hand of China in Latin America Organisation for

Economic Co-operation and Development: Development Centre, 2007-05-09 Until the 1980s the United States was Latin America's major trade partner and during the 1990s a second growth engine emerged with the European investment boom in the region Now at the dawn of the new century the emergence of Asia as a key trade partner and in particular China has the potential to act as a third engine of growth This publication considers the opportunities and challenges that Latin American economies will face as the influence of China in the world economy and in Latin America's traditional markets continues to grow *The China-Latin America Axis* G. Fornés, A. Butt Philip, Alan Butt Philip, 2011-12-16 The impressive growth of trade and investments between China and Latin America has attracted the attention of the business world and policy makers This book analyses the business of the main players at the country region and company levels in the context of globalization and growing importance of emerging markets in the world economy *Latin American Economic Outlook 2008* OECD, 2007-11-07 This first OECD Latin American Economic Outlook provides original insights and comparative indicators on four key issues fiscal performance and democratic legitimacy pension fund reform telecommunications access and trade with China and India China, Latin America, and the Global Economy Aaron Schneider, Alessandro Golombiewski Teixeira, 2022-12-31 This book seeks offers accounts of the ways in which Chinese engagement with Latin America will shape the regional and global order with impacts for development peace and equity It also pays close attention to the traditional role played by the USA in the region how China differs and the increasingly triangular relationship between the USA China and Latin American countries The contributors analyze various economic dimensions including trade infrastructure and finance and the historical sectoral regional and national stories seek to change the narrative on China Latin American relations In particular the book argues that there are opportunities for international cooperation to secure gains in the region but only if the US and China alter their behavior and Latin American countries work collectively and in more coordinated fashion Together the chapters offer coherent social science analysis policy frameworks and empirical detail to understand and navigate increased Chinese engagement with Latin America Perspectives on Global Development 2012 Social Cohesion in a Shifting World OECD, 2011-11-18 This report analyses the impact of Shifting wealth on social cohesion largely focusing on high growth converging countries **Business for Development Fostering the Private Sector**

OECD,2007-05-16 This book details the activities of the private sector in developing and emerging economies and demonstrates how these activities are inter related with government policies *Latin American Economic Outlook 2016 Towards a New Partnership with China* OECD,CAF Development Bank of Latin America,Economic Commission for Latin America and the Caribbean,2015-12-12 The Latin American Economic Outlook 2016 is devoted to the evolving relationship between Latin America and China as well as its prospects in the long term Asian Development Outlook 2011 Asian Development Bank,2011-04-01 The Asian Development Outlook 2011 emphasizes two important challenges that developing Asia must resolve to sustain the inclusive growth that is needed to eliminate poverty in the region The immediate problem is tackling rising consumer price pressures Inflation s insidious effects call for preemptive action to contain it before it begins to accelerate The poor are the most vulnerable particularly from rising food prices **The Rise of China and India** Amelia U. Santos-Paulino,Guanghua Wan,2010-10-13 Papers presented at the conferences Southern Engines of Global Growth the Role of China and India held in Beijing in January 2007 and Southern Engines of Global Growth China India Brazil and South Africa held in Helsinki in September 2007 **How China is Reshaping the Global Economy** Rhys Jenkins,2018-11-15 China s growing economic involvement in Sub Saharan Africa and Latin America has been a source of major controversy The official Chinese position maintains that the growth of bilateral relations is of mutual benefit and provides a good example of South South cooperation Critics on the other hand see the economic relations between China and other developing countries as highly unequal with most of the benefits accruing to China and a few local elites They also point to negative socio economic political and environmental consequences How China is Reshaping the Global Economy Development Impacts in Africa and Latin America throws more light on these controversies through a comparative study of China s impact on the two regions It looks not just at bilateral relations between China and the two regions but also analyses the changes in the global economy brought about as a result of the shift in economic activity from North America and Western Europe to Asia How China is Reshaping the Global Economy looks at the factors which led to rapid economic growth in China and the way in which this has affected global manufacturing commodity markets the international presence of Chinese companies and financial flows It examines the different forms of Chinese economic involvement in Sub Saharan Africa and Latin America the main drivers and economic social political and environmental consequences It ends with a comparison of the two regions that highlights the importance of different histories and political and institutional contexts in determining the impacts of China Journal of Economic Literature ,2007 **Index to International Statistics** ,2008 **Choice** ,2007 The Visible Hand of China in Latin America Javier Santiso,2007 Emerging States Christophe Jaffrelot,2008 Countries like India Turkey Brazil Mexico Indonesia and South Africa which were previously lumped under the general heading of developing are fast becoming key players on the international stage This book describes Emerging States and how they are transforming international relations *Asian Development Outlook* ,2011 **The Stationery Office Agency Catalogue**
