one manufactures not chronicles but legends for oneself Peter N. Dinklage writes in his fiction masterpiece *Parallel Stories*. Now in his illuminating memoir *Shimmering Details* the renowned author investigates what it means to reconstruct a life without recourse to the techniques and embellishments of traditional storytelling. Taking his firmly embedded memories the shimmering details that give this work its title as his starting point, Dinklage dissects them using a method inspired by Freudian dream interpretation. Sounds, scenes, smells, feelings, all are probed for details that might allow him to reconstruct what happened and when and where. To avoid conscious or unconscious distortions he deconstructs the stories of others too, moving in concentric circles toward cause and effect until their meaning and significance come to light. In *Shimmering Details*, Volume I, Dinklage probes the history of his family from the late nineteenth century to his birth in 1942 and beyond. In a work that encompasses World War II and the Hungarian Revolution, Dinklage traces the hidden connections between the seemingly random events of a life and assembles them into a memoir like no other.
