The Wisdom Of Parenthood An Essay Subway Line:

The Wisdom of Parenthood Michael Eskin, 2013 If parenthood were a function of biology adoptive parents for instance ought not to be considered parents which is absurd Thus it follows that biology cannot be an essential component of parenthood Concomitantly if parenthood were merely a function of law all those who have parented children without being their legal parents would be stripped of their de facto parenthood If then parenthood is neither a function of biology nor simply law what is it What does being a parent truly mean Rooted in the author's own experience as a father of three **THE WISDOM OF PARENTHOOD** is an insightful original and provocative philosophical meditation on the meaning experience and practice of parenthood **The New Yorker** Harold Wallace Ross, William Shawn, Tina Brown, David Remnick, Katharine
