Tree Dedication Speech:

Meehans' Monthly ,1891 Destination Dixie Karen L. Cox,2018-03-15 Once upon a time it was impossible to drive through the South without coming across signs to See Rock City or similar tourist attractions From battlegrounds to birthplaces and sites in between heritage tourism has always been part of how the South attracts visitors and defines itself yet such sites are often understudied in the scholarly literature As the contributors to this volume make clear the narrative of southern history told at these sites is often complicated by race influenced by local politics and shaped by competing memories Included are essays on the meanings of New Orleans cemeteries Stone Mountain Georgia historic Charleston South Carolina Yorktown National Battlefield Selma Alabama as locus of the civil rights movement and the homes of Mark Twain Margaret Mitchell and other notables Destination Dixie reveals that heritage tourism in the South is about more than just marketing destinations and filling hotel rooms it cuts to the heart of how southerners seek to shape their identity and image for a broader touring public now often made up of northerners and southerners alike **The Ranger School** Brad Woodward,2012-05 Building a Shared Vision for Environmental Education ,1992 **Black Spartacus** Sudhir Hazareesingh,2020-09-01 Winner of the 2021 Wolfson History Prize **Black Spartacus** is a tour de force by far the most complete authoritative and persuasive biography of Toussaint that we are likely to have for a long time An extraordinarily gripping read David A Bell The Guardian A new interpretation of the life of the Haitian revolutionary Toussaint Louverture Among the defining figures of the Age of Revolution Toussaint Louverture is the most enigmatic Though the Haitian revolutionary s image has multiplied across the globe appearing on banknotes and in bronze on T shirts and in film the only definitive portrait executed in his lifetime has been lost Well versed in the work of everyone from Machiavelli to Rousseau he was nonetheless dismissed by Thomas Jefferson as a cannibal A Caribbean acolyte of the European Enlightenment Toussaint nurtured a class of black Catholic clergymen who became one of the pillars of his rule while his supporters also believed he communicated with vodou spirits And for a leader who once summed up his modus operandi with the phrase Say little but do as much as possible he was a prolific and indefatigable correspondent famous for exhausting the five secretaries he maintained simultaneously at the height of his power in the 1790s Employing groundbreaking archival research and a keen interpretive lens Sudhir Hazareesingh restores Toussaint to his full complexity in **Black Spartacus** At a time when his subject has variously been reduced to little more than a one dimensional icon of liberation or criticized for his personal failings his white mistresses his early ownership of slaves his authoritarianism Hazareesingh proposes a new conception of Toussaint s understanding of himself and his role in the Atlantic world of the late eighteenth century **Black Spartacus** is a work of both biography and intellectual history rich with insights into Toussaint s fundamental hybridity his ability to unite European African and Caribbean traditions in the service of his revolutionary aims Hazareesingh offers a new and resonant interpretation of Toussaint s racial politics showing how he used Enlightenment ideas to argue for the equal dignity of all

human beings while simultaneously insisting on his own world historical importance and the universal pertinence of blackness a message which chimed particularly powerfully among African Americans Ultimately Black Spartacus offers a vigorous argument in favor of getting back to Toussaint a call to take Haiti's founding father seriously on his own terms and to honor his role in shaping the postcolonial world to come Shortlisted for the Baillie Gifford Prize Finalist for the PEN Jacqueline Bograd Weld Award for Biography Named a best book of the year by the The Economist Times Literary Supplement New Statesman

Culture Shock Ross R. Koepp, 2001-08-17 Lieutenant Ross Randall Koepp's compelling first hand account of the events of a horrific murder case takes you well behind the chaotic walls of a detective bureau in motion Based on the true story of the brutal murder of German tourist Gisela Pfleger Culture Shock brings this harrowing story to life in a way that only a true cop author can tell it The book captures every riveting detail of this investigation from the moment the first bullet strikes its unsuspecting victim through the barrier of the gangs code of silence to the exhaustive search and arrest of the last remaining suspect Culture Shock allows you to enter the minds of those unsung heroes known as detectives who you will discover are actually ordinary people doing exceptional and extraordinary work You are invited to witness first hand and to discover with the detectives how the separate paths of people so different could lead them to collide at a refuge on a mountain where so many things go wrong in a place so right What began as just another robbery murder in our crime plagued society ends up anything but ordinary One lost culture in our society and one culture lost in our society What happens when the two meet Culture Shock will leave you searching for answers This compelling story is about Gisela and Klaus Pfleger of Germany who came to visit their daughter Birte in Southern California Birte was preparing to graduate from college and embark on her new career as a teacher Birte and her parents had much to celebrate In addition to celebrating Birte's success Gisela was here to share great news with her daughter She had been given a new lease on life After months of treatment her cancer had finally gone in remission It was spring in California and unlike the weather back home it was dry and warm The fast pace of LA had already taken its toll Their trip to Universal Studios was exhilarating yet exhausting Oh those gunfights they are so real These Americans are so clever thought the Plegers But Klaus and Gisela needed to get away from the assault of LA if only just for a day Birte had classes to attend She pondered skipping to be with her parents but was so close to graduation Birte recalled a peaceful and tranquil place she had visited it would be perfect for them Birte had provided detailed directions so that her parents would not get lost Though only an hour drive to the east of LA the tiny spot near Idyllwild seemed like an escape to another world Her parents would feel much at home in the forest There they could relax Klaus and Gisela admired the many plants and flowers in bloom They had never seen plants like this back in Germany or in any other place they had traveled for that matter As they explored the Indian Vista Viewpoint and soaked in the sights both Gisela and Klaus were oblivious to the danger closing in on them They were not from here and had not been schooled in Street Survival 101 Without warning suddenly everything changed forever Gisela lay dead in a pool of blood

while Klaus staggered about mortally wounded He had to get Gisela help How could they have gotten so lost So begins the harrowing account of how an unimposing elderly couple from Germany would become the victims of a horrific crime a crime that with the arrival of the mornings papers and the evening news would shock a nation and the world Maneuvering in and out of consciousness Klaus desperately sought help for his wife Nestled in the valley below Detective Sergeant Ross Koepp was winding down preparing to take a much needed vacation Sergeant Koepp and his crew of detectives had been for as long as one could remember working in overdrive with no off ramp in sight The anticipated break was as much deserved as it was needed With the events unfolding in the nearby forest their plans would yet again be put on hold Though in full swing

Convention,1927 **Like a Tree Universally Spread** Keith Edward Cantú,2023 This book reconstructs the tantalizing tale of Sri Sabhapati Swami ca 1828 1923 4 today a little known swami who was originally from Tamil Nadu in southern India and historically contextualizes a fascinating type of yoga that Sabhapati claimed would lead to an experience of being like a tree universally spread The practical method of having this experience in technical terms called the samadhi or composure of sivarajayoga or the Royal yoga for siva was published in English and multiple Indic languages and lavishly illustrated in diagrams on subtle and physical bodies This book is the first book length treatment on Sabhapati Swami scholarly or otherwise and uses critically edited sources printed in Tamil Devanagari and Bengali scripts to reveal the expansion of his literature across South Asia and globally the vast majority of which has never before been considered in any scholarly work to date The book shows how intertwined Sabhapati s yoga is with historical Tamil saiva and Siddha movements including the mythos of the rishi Agastya and also with Hathayoga and mantra based ritual It also takes into account his and his followers wrestling with the Victorian scientific worldview and their rationalization of Hindu philosophical discourses in the colonial period Finally the book demonstrates the extent to which Sabhapati s teachings were integrated into esoteric religious movements such as the Theosophical Society the Thelema of Aleister Crowley and New Thought and suggests that a reappraisal of scholarship on the roots of yoga in these movements is long overdue **A Journey of an Apple Tree** Reynaldo Payton-Smith,2012 The autobiography of an African American man born in Chicago and raised in Joliet who was imprisoned for crack cocaine possession but later pardoned He has since appeared in several documentaries on the prevention of drugs and gang violence in the inner city **Getting a Live Tree Out of a Dead Stump Church Revitalization: 101** Keith D. Paciulli,David J. Goldstein,2016-05-05 *Viewing the Future in the Past* is a collection of essays that represents a wide range of authors loci and subjects that together demonstrate the value and necessity of looking at environmental problems as a long term process that involves humans as a causal factor Editors H Thomas Foster II Lisa M Paciulli and David J Goldstein argue that it is increasingly apparent to environmental and earth sciences experts that humans have had a profound effect on the physical climatological and biological earth Consequently they suggest that understanding any aspect of the earth within the last ten thousand years means understanding the density and activities of Homo sapiens The essays reveal the ways in which archaeologists and anthropologists have devised methodological and theoretical tools and applied them to pre Columbian societies in the New World and ancient sites in the Middle East Some of the authors demonstrate how these tools can be useful in examining modern societies The contributors provide evidence that past and present ecosystems economies and landscapes must be understood through the study of human activity over millennia and across the globe
