Nomad for God Rev. Dusty Pruitt, 2020-03-09 This book is Dusty Pruitt's memoir about growing up Born Again in a fundamentalist Baptist household coming out as a lesbian as a young woman in her 20s and her struggle to reconcile God, Gays and the Bible. Along the way, Pruitt recounts her time as an active duty officer in the Women's Army Corps and her lawsuit against the US Army to be able to serve as an openly gay servicemember. Pruitt's life as a pastor to the LGBT community and beyond chronicles the joys and heartaches of being a pastor to which all clergy who have served local parishes can relate. The theme that runs throughout all the book is God's faithfulness and the enduring lessons learned in early childhood about how to keep the faith.

Piloting Palm Andrea Butter, David Pogue, 2002-02-18 The definitive behind-the-scenes story of the visionary team that launched the handheld industry. Palm insider Andrea Butter and New York Times columnist David Pogue, with full exclusive cooperation of the company's founders and more than fifty key Palm and Handspring executives, tell the riveting tale of the start of an industry constantly in the headlines. The origins of this volatile industry began with the tiny team who beat staggering odds to turn the PalmPilot into a billion-dollar market and later took their ultimate vision to Handspring, now Palm's most powerful rival. Many of today's current events relating to the competition in this industry are forecasted in this important business drama. The authors take an unprecedented look at how the visionary founders of the industry led one of the most successful startups in history to succeed against all odds, including a shoestring budget, shortsighted corporate partners and competition from Microsoft. The roller coaster ride is full of insight into the bungles of venture capitalists, the allure and pitfalls of partnerships with giant corporations and the steely determination needed to maintain entrepreneurial

and visionary independence With gripping accounts of the last minute crises that almost torpedoed the PalmPilot on the eve of its unveiling and the triumphant unprecedented reception of Palm in the marketplace as well as the glimpses into the future of this industry this book is as entertaining as it is instructional Key revelations include The principles of business economy and product design that led Palm to succeed where billion dollar corporations like Apple Motorola and Casio had failed Important moments in technological development of the handheld such as the secret Easter egg a software surprise planted in the Palm software that nearly sank launch plans Unique insight into the showdown with Microsoft and 3Com s tragic decision not to make Palm independent that led Palm s founder Jeff Hanwkins and CEO Donna Dubinsky to take their vision elsewhere The ongoing competition between Palm and Handspring The new rivals to contend with including Sony
