Effective Teacher Development Bob Burstow, 2017-12-28 The responsibility for facilitating effective continuing professional development CPD is based firmly in schools Frequently decisions are based on gut feeling advertisements received or prior experiences Effective Teacher Development encourages readers to move beyond this and to enhance their strategic decision making in order to effectively develop CPD programmes within their school partner schools federations or school chains The theory behind CPD is explored drawing on research and evidence from recent practice including a 10 year international longitudinal study of the effectiveness of professional development to teachers Readers are supported to develop their understanding of the whole life cycle of a CPD programme from setting up a new programme to evaluating the effectiveness of existing provision Chapter summaries and navigational tools support readers looking for guidance on particular issues and questions encourage readers to reflect on the impact of suggestions in their own particular context Effective Teacher Development is essential reading for all involved in designing implementing and developing effective CPD programmes

Advanced Biology Michael Roberts, Michael Reiss, Grace Monger, 2000 The major new course text has been written by experienced authors to provide coverage of the Advanced Subsidiary AS and Advanced GCE Biology and Human Biology specifications in a single book Advanced Biology provides clear well illustrated information which will help develop a full understanding of biological structure and function and of relevant applications The topics have been carefully organised into parts which give a logical sequence to the book This new text has been developed to replace the best selling titles Biology Principles and Processes and Biology A Functional Approach Features include full colour design with clear diagrams and photographs up to date information on biotechnology health applied genetics and ecology clearly written text using the latest Institute of Biology terminology a useful summary and a bank of practice questions at the end of every chapter support boxes help bridge the gap from GCSE or equivalent courses extension boxes providing additional depth of content some by guest authors who are experts in their field and a comprehensive index so you can quickly locate information with ease There is also a website providing additional support that you can access directly at www.advancedbiology.co.uk

International Insights: Equality in Education Vana Chiou, Oliver Holz, Nesrin Oruç Ertürk, Fiona Shelton, 2019 Educational institutions should offer a safe and secure environment for young people Part of that should be educational equity which is a measure of achievement fairness and opportunity in education This publication analyses and discusses educational equality from different angles All contributions reflect on the current situation of 11 European countries All of them are part of the Bologna

process and are dealing with the challenges of the development of a European Higher Education Area This ongoing process is reflected in the present publication with a specific focus on equality in education The authors cover aspects like inclusion and inequality internationalizing education and accessing education but they also deal with learning foreign languages education for the future assessment feedback and student success lifelong learning teacher training as well as different aspects of the LGB T community and gender and education

Teaching in Lifelong Learning 3e A guide to theory and practice James Avis,Roy Fisher,Ron Thompson,2018-11-29 Addressing the Professional Standards for Teachers and Trainers this bestselling textbook helpfully balances theory and practice introducing key theories and concepts relating to learning and assessment as well as providing practical advice on teaching Extensively revised and updated to reflect the current educational policy environment this textbook for teaching provides thorough and extensive coverage of the topics for higher level awards in Education and Training The textbook provides a logical progression through the essential aspects of teaching such as planning and assessment it considers key related areas including teacher professionalism equality and diversity and mentoring and coaching and it presents this invaluable guidance in an accessible and readable format In outlining the challenges opportunities and debates in and around lifelong learning the editors and contributing authors draw on their extensive teaching experience as well as offering an evidence based approach with a wide range of research Teaching in Lifelong Learning A Guide to Theory and Practice is core reading for those teaching or preparing to teach in further higher and community education as well as in public sector contexts and in private training organisations including those studying for CertEd PGCE and related awards such as the Level 4 Certificate and Level 5 Diploma in Education and Training Teacher education in FE continues to be an important and unresolved issue and this book is a great asset in supporting individuals in understanding and developing their practices With a focus on developing critical inquiring practitioners the text reads like an experienced mentor sharing pointers questions and useful readings over a collegial cup of coffee Dr Tim Herrick Senior University Teacher University of Sheffield UK
