Papal Monarchy—Collegial Tradition

Two Paths Papal Monarchy Collegial Tradition

Andrew Pinsent

Two Paths Papal Monarchy Collegial Tradition:

Two Paths Michael Whelton, 1998 An ardent thorough examination of the devolution of Rome's legitimate primacy of honor in the ancient Christian Church into the ill founded problematic and divisive doctrine of papal infallibility synthesizes the welter and important evidence on the issue of papal authority

The Papacy and the Orthodox Anthony Edward Siecienski, 2017 The Papacy and the Orthodox examines the centuries long debate over the primacy and authority of the Bishop of Rome especially in relation to the Christian East and offers a comprehensive history of the debate and its underlying theological issues Siecienski masterfully brings together all of the biblical patristic and historical material necessary to understand this longstanding debate This book is an invaluable resource as both Catholics and Orthodox continue to reexamine the sources and history of the debate

Orthodoxy and the Roman Papacy Adam A. J. DeVille, 2011-03-15 Among the issues that continue to divide the Catholic Church from the Orthodox Church the two largest Christian bodies in the world together comprising well over a billion faithful the question of the papacy is widely acknowledged to be the most significant stumbling block to their unification For nearly forty years commentators theologians and hierarchs from popes and patriarchs to ordinary believers of both churches have acknowledged the problems posed by the papacy In *Orthodoxy and the Roman Papacy* Ut Unum Sint and the Prospects of East West Unity Adam A J DeVille offers the first comprehensive examination of the papacy from an Orthodox perspective that also seeks to find a way beyond this impasse toward full Orthodox Catholic unity He first surveys the major postwar Orthodox and Catholic theological perspectives on the Roman papacy and on patriarchates enumerating Orthodox problems with the papacy and reviewing how Orthodox patriarchates function and are structured In response to Pope John Paul II's 1995 request for a dialogue on Christian unity set forth in the encyclical letter Ut Unum Sint DeVille proposes a new model for the exercise of papal primacy DeVille suggests the establishment of a permanent ecumenical synod consisting of all the patriarchal heads of Churches under a papal presidency and discusses how the pope qua pope would function in a reunited Church of both East and West in full communion His analysis involving the most detailed plan for Orthodox Catholic unity yet offered by an Orthodox theologian could not be more timely

The Divine Primacy of the Bishop of Rome and Modern Eastern Orthodoxy James Likoudis, 2023-09-28 Despite real progress in ecumenical relations between Catholics and Eastern Orthodox the last several years have seen an increase in bitter attacks on papal supremacy and infallibility In this newly revised and expanded work James Likoudis treats in detail Eastern Orthodox ecclesiology and replies to objections made to critical elements of Roman Catholic doctrine on The pope's primacy of supremacy and infallibility The procession of the Holy Spirit The filioque clause The dogma of the Immaculate Conception Purgatory and The development of doctrine With *The Divine Primacy of the Bishop of Rome* Modern Eastern Orthodoxy Likoudis contributes to today's Catholic Orthodox dialog by going back to the undivided Church of the First Millennium where we see clearly the existence of a papal primacy of universal jurisdiction

The History of Evil in the Medieval Age Andrew Pinsent, 2018-06-14 The second volume of *The History of Evil* explores the philosophy of evil in the long Middle Ages Starting from the Augustinian theme of evil as a deprivation or perversion of what is good this period saw the maturation of concepts of natural evil of evil as sin involving the will and of malicious agents aiming to increase evil in general and sin in particular Comprising fifteen chapters the contributions address key figures of the Christian Middle Ages or traditions sharing some similar cultural backgrounds such as medieval Judaism and Islam Other chapters examine contemporaneous developments in the Middle East China India and Japan The volume concludes with an overview of contemporary transpositions of Dante illustrating the remarkable cultural influence of medieval accounts of evil today This outstanding treatment of the history of evil at the crucial and determinative inception of its key concepts will appeal to those with particular interests in the ideas of evil and good *The Shape of Sola Scriptura* Keith A. Mathison, 2001 In what shape do we find the doctrine of sola Scriptura today Many modern Evangelicals see it as a license to ignore history and the creeds in favor of a more splintered approach to the Christian living In the past two decades Roman Catholic and Eastern Orthodox apologists have strongly tried to undermine sola Scriptura as unbiblical unhistorical and impractical But these groups rest their cases on a recent false take on sola Scriptura The ancient medieval and classical Protestant view of sola Scriptura actually has a quite different shape than most opponents and defenders maintain Therein lies the goal of this book an intriguing defense of the ancient and classical Protestant doctrine of sola Scriptura against the claims of Rome the East and modern Evangelicalism The issue of sola Scriptura is not an abstract problem relevant only to the sixteenth century Reformation but one that poses increasingly more serious consequences for contemporary Christianity This work by Keith Mathison is the finest and most comprehensive treatment of the matter I've seen I highly recommend it to all who embrace the authority of sacred Scripture R C Sproul Ligonier Ministries *Upon this Rock* Stephen K. Ray, 1999-01-01 Ray a former Evangelical Protestant and Bible teacher goes through the Scriptures and the first five centuries of the Church to demonstrate that the early Christians had a clear understanding of the primacy of Peter in the see of Rome He tackles the tough issues in an attempt to expose how the opposition is misunderstanding the Scriptures and history He uses many Protestant scholars and historians to support the Catholic position This book contains the most complete compilation of Scriptural and Patristic quotations on the primacy of Peter and the Papal office of any book available It has over 500 footnotes with supporting evidence from Catholic Orthodox Evangelical and non Christian authorities

Popes and Patriarchs Michael Whelton, 2006 For any dialogue between the Orthodox and Roman Catholic churches to be fruitful we must first understand our differences *Popes and Patriarchs* covers some of the distinctives in theology and worldview that separate the churches of the East from those of the West focusing primarily on the claims of papal supremacy Author Michael Whelton a convert from Catholicism to Orthodoxy discusses some of the theological and historical issues that led him to explore the teachings of the Orthodox Church including the doctrine of original sin the influence of Medieval

scholastic thought on the Western Church and the modern trend toward evolutionary Christianity Part II examines in depth the true attitude of the early Eastern saints of the Church toward the papacy an attitude radically different from that frequently attributed to them by Roman Catholic apologists A final chapter is devoted to typical questions Roman Catholics raise about the Orthodox Church including a comprehensive discussion of divorce and remarriage **Linus Or Peter?**

Robert Geis,2009-06-16 In Linus or Peter The Question of Papal Infallibility Geis argues that the Vatican I proclamation on papal infallibility is directly rendered uncertain if not outright discredited and disproved by three passages in Scripture Mt 18 18 Lk 10 1 16 1 Cor 10 4 Lexical inquiry into other Scriptural passages dealing with the Scriptural terms rock and cornerstone solidify this claim Scrutiny of Patristic sentiment adds to the evidence as does dating Acts record of Peter s missionary activities History shows a tension between wayward papal conduct and dogmatic claims as well as records of excommunicated popes 18 18 argues Geis claims for the inerrancy of the Spirit s guidance witnessed in the practice and belief of the worldwide Christian community over the millennia The Roman rite claim for a Divinely ordained Vicariate of authoritative pronouncements having no Scriptural basis emerges as an impediment to Christian unity to Christ prayer that they may be one Jn 17 20 21 **The Barnes Review** ,2001
