UFOs and the Nation of Islam Ilia Rashad Muhammad,2013-09-17 UFOs were identified and answered before the public had any concerns or questions about them This research puts forth challenging arguments that offer substantial proof and documented evidence regarding the Nation of Islam s NOI inherent relationship to the modern UFO phenomena This compendium of data answers what academics researchers and even UFOlogists have deliberately avoided How did the Honorable Elijah Muhammad know so much about UFOs before there were any public concerns or investigations Why did the U S Government arrest him after they encountered a huge circular UFO in 1942 How is it that Elijah Muhammad and Minister Louis Farrakhan have boldly challenged the world to disprove their connection to these wheel like crafts and no one has challenged them UFOS AND THE NATION OF ISLAM addresses these and several more questions about the UFO Phenomenon that other researchers cannot answer with verity Unlike other researchers theorists pundits and skeptics this book uses the most reliable primary sources regarding this topic sources that others have deliberately omitted With over 450 footnotes for ease of verification this book challenges and debunks common misperceptions about UFOs leaving no room for even the staunchest critics to doubt While scientific religious and educational schools of thought are afraid to publicly address the UFO phenomenon at its core this research demystifies and exposes the propaganda the pundits and virtually all major UFO related publications that disregard the most reliable and authoritative source on this topic the Nation of Islam The UFO cover up is not simply to hide the fact that such objects exist instead the cover up is to prevent the public from knowing the source of power behind these crafts
