Israel, the Church, and Millenarianism Steven D. Aguzzi,2017-07-28 Since the calls of the Second Vatican Council Roman Catholic theologians have sought to overcome an overarching problem facing Jewish Christian relations the concept of supersessionism the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church Israel the Church and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel s replacement the early Church s promotion of millennialism Utilizing the best in Patristic research Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ s reign in the Church was viewed as provisional to his historical reign on earth Israel s role in salvation history was and is not yet complete Aguzzi s research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel s acceptance be but life from the dead Romans 11 15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God s future and the coming Parousia of Christ **Kingdom Come** Matthew K.
