Extraterrestrial Contact Kathleen Marden, 2019-08-05 The essential guide for people who have experienced alien contact and for those who love them. It has been twenty years since the publication of *How to Defend Yourself Against Alien Abduction* by Ann Druffel. This new book by UFO researcher Kathleen Marden is the essential handbook for this generation. This is the fundamental reference and guide for those who have experienced contact with nonhuman intelligent (NHI) entities, families, friends of those experiencers, and anyone interested in alien abduction and contact and UFOs. The ten chapters in this book are based on years of research and access to the files of MUFON and the Dr. Edgar Mitchell Foundation for Research into Extraterrestrial and Extraordinary Encounters. Chapters include: Am I an abductee, a contactee, or an experiencer? How to investigate your contact experiences. When you discover that it isn't ET, ghosts, and paranormal phenomena. When you want it to stop: coping strategies and resistance techniques. Wide ranging, informative, and helpful, this is a book that will find a place as a crucial resource for anyone fascinated by visitations from other worlds. Praise for *Extraterrestrial Contact*: Finally there is a much needed and long awaited practical handbook for anyone looking for guidance on how to comprehend, evaluate, and digest alien abduction memories into the framework of life in the 21st century. An eye opening bridge for future generations as it is predicted humanity will likely inhabit another planet by the end of the next century. If contact is inevitable, perhaps those who have been abducted will one day be honored as our evolutionary ambassadors. Jennifer W. Stein, Documentary Producer of *Travis: The True Story of Travis Walton*. Once again author and investigator Kathleen Marden has made a remarkable contribution to the world of serious UFO literature. This wealth of practical, well documented information contained in *Extraterrestrial Contact* will be invaluable to experiencers and abductees as well as to educators, mental health professionals, and to serious students of ufology worldwide. Peter Robbins, long time assistant to pioneer UFO abduction researcher Budd Hopkins, author and investigative writer. *Conscious Contactees* Janet Lessin, 2017-02-04 According to the latest surveys millions have been abducted by aliens. One contactee revealed that he was told by ET that all human beings are taken at punctuated periods of their lives, tested, and analyzed for

various factors known only by ET and then some are chosen for ongoing contact throughout their lives Based on that information we re all experiencers yet don t know it because the memories of our encounters are blocked Abductees are among the groups that are studied by Experienter organizations such as F R E E aka The Edgar Mitchell Foundation for Research into Extraterrestrial Encounters According to their website www.experiencer.org experiencer categories include NDEs near death experiences OBEs out of body experiences Hallucinogenic Entheogenic natural substances hypnotic regression Mystical Meditation Travel Channeling Remote Viewing and human encounters with non human intelligence and related paranormal contact experiences Thus the focus is not solely on UFO contact experiences but on all types of paranormal contact experiences In *Experiencers Conscious Contactees Volume I* we relate our adventures with extraterrestrials We start with U S President Eisenhower s treaty with ETs and Dr Lessin s method of hypnotic exploration of extraterrestrial and paranormal contact Then our authors recount their alien and paranormal contacts UFO briefings and recovery of uncensored UFOs Moon and Mars anomalies We relate our military MILAB abductions and revelations of the secret space programs breakaway civilizations and time travel We share what happened in missing time and describe our encounters with levitation extraordinary abilities astral projection prophetic visions and telepathy Experiencers also relate our encounters with nonhuman entities Anunnaki Blue Beings Plasma Spheres spiritual guides and angels We discuss our contacts with Reptilians Greys Agarthans and our own hidden subpersonalities Join us as we open your mind expand consciousness awaken humanity and guide us all human and not to the Golden Age of Aquarius the age of enlightenment promised long ago Edited By Janet Kira Lessin Featuring Korey Lavoie Melinda Leslie Miesha Johnston Sherry Wilde John M Polk Joan Hangarter Hildegard Gmeiner Barbara Jean Lindsey Karen Christine Patrick Bret Colin Sheppard Rebecca Hardcastle Wright Russell Scott Brinegar Sasha Alex Lessin Ph D *Alien Dawn: An Investigation into the Contact Experience* Colin Wilson, 2012-02-29 Alien Dawn is the most comprehensive bird s eye view of the subject ever undertaken and the conclusions Wilson draws are of overwhelming significance to us all Here Wilson describes what he found as he set out to piece together this vast complex jigsaw puzzle whose components include poltergeists lake monsters ancient folklore time slips out of body experiences mystical awareness and psychic travel to other worlds as well as allegations of worldwide government cover ups [Alien Abductions](#) Conrad Bauer, 2020-10-18 The ideas of alien abductions have fueled our imagination What if it happened to you Discover true cases of alien abductions from people claiming being taken by aliens and that came back to tell their story Imagine you re out alone at a park somewhere taking in the scenery and simply enjoying the exercise of a nice walk Suddenly there s a strange feeling in the air You don t know what it is but things somehow just don t seem quite right You look up and there s a light in the sky You see a bright flash and then moments later the light is gone and you resume your hike through the park According to many alleged alien abductees these experiences are often the few sparse moments of conscious recall of an abduction The individual does not know it at the time but he has

been an unwilling participant in an extraordinary event In such a situation the only real clue would be a quick glance at the time Our hypothetical hiker looks down at his watch and realizes that over an hour has passed completely unaccounted for Abductees and UFO researchers contend that it is within such an hour of so called missing time that alien entities from who knows where conduct examinations and experiments on us hapless humans Once the aliens have finished their tasks these diligent ET scientists wipe our conscious memories and return us safely to Earth But their technology is apparently not perfect because some Earth dwellers have allegedly been able to uncover these supposedly lost memories through hypnotic regression This book takes a look at some of these startling claims of alien human interactions that the world has come to know as alien abductions This is not an attempt to prove the veracity of these claims but simply to present them as they are reported so that readers can decide for themselves Scroll back up and click the BUY NOW button at the top right side of this page to order your copy now

Pembrokeshire's peaceful history *Captured by Aliens?* Nigel Watson, 2020-05-22 New Hampshire couple Betty and Barney Hill provided Americans with what is essentially the original alien abduction story. Since their story became public in the early 1960s, many thousands of Americans have likewise come forward with similar stories of traumatic experiences. Sometimes the abductee has little conscious recollection of these events but through nightmares, dreams, flashbacks, and hypnosis, they eventually learn more. Sometimes the participants are bewildered. To get a better understanding of the opposing viewpoints of skeptic and believer, the Betty and Barney Hill case is used to examine the wider context of such encounters, their historical origins, media influences, and the latest extraterrestrial psychological, paranormal, conspiracy, and sociological theories that surround them.

Abductions and Aliens Chris A. Rutkowski, 1999-09-01 We can't escape them; aliens are everywhere. They sell us soft drinks and star in their own sitcoms. But to the many people who believe they have been abducted aboard strange crafts, aliens are a very serious reality. Stories of these encounters, taken from investigators' files, have been vividly depicted in television specials and motion pictures. Despite their predominance as a cultural phenomenon, experts offer drastically conflicting opinions: aliens are harmless creatures whose aim is to better understand humans; aliens are angel-like entities here to enhance our spiritual awareness; aliens are conspiring with the government in a plot to enslave humans; and aliens are genetically breeding with humans to create a new race of hybrids. But what is really going on? Are aliens abducting thousands of unsuspecting people each year? Are they then inserted with tracking devices and monitored? Based on his own investigative files and almost twenty-five years of research, science writer Chris Rutkowski asks hard questions, looking critically yet compassionately at the stories of abductees. He is an astronomer, educator, and published commentator within the area of study known as ufology. Rutkowski presents case histories of many abductees, showing both their diversity and similarities, and examines how our understanding is shaped by media, by science, and by society itself.

Alien Contacts & Abductions Jenny Randles, 1994 Relive dozens of terrifying close encounters. Back up witnesses' imprints in the ground, artifacts, photographs, and other forms of objective evidence lend substance to the stories. Noted author and UFO researcher Jenny Randles compares and contrasts documented cases of alien contact and abductions of the past century. The whole alien abduction pattern ultimately offers a meaningful clue to what is really going on.

The Tujunga Canyon Contacts Ann Druffel, D. Scott Rogo, 2008-07 THE TUJUNGA CANYON CONTACTS tells the true stories of five young women abductees who lived in and near Tujunga Canyon, northeast of Los Angeles, and who were all linked by more or less intimate personal relationships. The abductions and related events, which took place over a period of more than two decades, were first investigated by UFO researcher Ann Druffel for five full years, and later by Druffel and parapsychologist D. Scott Rogo together. Many of the abduction details first revealed in the Tujunga Canyon case have been confirmed in the hundreds of cases that followed it. First published during the peak of the 20th century's UFO abduction epidemic, THE TUJUNGA CANYON CONTACTS was only the second book written about so-called alien abductions. This

edition of the classic work contains the two new chapters prepared for the updated version of the book During this updating of the story Druffel first realized that abduction scenarios can be fended off by strong willed confident experiencers since three of the five young women intuitively discovered and used various resistance techniques to fend off and eventually end the harrowing attacks
