Ayman al Zawahiri co founder of al Qaeda and successor to bin Laden was one of the most influential terrorists of the modern era In the first in depth biography of the Egyptian doctor and ideologue Sajjan M Gohel meticulously unpacks al Zawahiri s long career which spanned over 50 years in the growth and evolution of transnational terrorism From an illustrious Egyptian family al Zawahiri chose to rebel against his own society and the international order Through his travels across multiple continents the Egyptian found himself in many of the places where history was made A pioneer of terrorist strategies and tactics al Zawahiri left an indelible legacy for al Qaeda and other terrorists to build upon **Analyzing Impacts of Conflict on Nation-building in Iraq** Dai Yamao, 2025-09-26 This is the first monograph to empirically analyze the impact of the myriad conflicts that arose within Iraq in the wake of the U S invasion of Iraq in 2003 on nation building It draws upon a plethora of primary sources including school textbooks and local newspapers in conjunction with a range of unique surveys quantitative text analysis and other methodologies This study represents a distinctive attempt to answer the question of why national cohesion has been maintained despite the occurrence of devastating conflicts and a brutal civil war in Iraq It employs unique data and a mixed methods approach to achieve this goal It has frequently been asserted that the Iraqi state descended into dysfunction and national unity was undermined as a consequence of the various conflicts that have occurred in the post war period However the author s multiple surveys revealed that despite a lack of trust in state institutions individuals have high expectations of their role Moreover there is a paucity of trust in non state actors who are responsible for fulfilling the functions of the state in its absence The surveys also indicate a robust sense of Iraqi identity in spite of the civil wars and conflicts that divide the population along with a high value placed on national integration policies This book elucidates the factors that have led to these contradictory attitudes Focusing centrally on issues surrounding post conflict nation building in Iraq the book also offers methodological suggestions for analyzing various aspects of the impact of conflict in other post war societies a topic that has not been thoroughly studied empirically *History of Central Asia, The: 4-volume set* Christoph Baumer, 2018-04-18 This set includes all four volumes of the critically acclaimed History of Central Asia series The epic plains and arid deserts of Central Asia have witnessed some of the greatest migrations as well as many of the most transformative developments in the history of civilization Christoph Baumer s ambitious four volume treatment of the region charts the 3000 year drama of Scythians and Sarmatians Soviets and transcontinental Silk Roads trade routes and the transmission of ideas across the steppes and the breathless and brutal conquests of Alexander the Great and Chinghiz Khan Masterfully interweaving the stories of individuals and peoples the author s engaging prose is richly augmented throughout by colour photographs taken on his own travels This set includes The Age of the Steppe Warriors Volume 1 The Age of the Silk Roads Volume 2 The Age of Islam and the Mongols Volume 3 and The Age of Decline and Revival Volume 4 A
