Teach Yourself, 2010 Understand the Israeli Palestinian Conflict is a balanced account of one of the most tragic and controversial situations in the modern world Understanding Public Debates Jens Martin Gurr, 2024-06-20 By historicizing and contextualizing them through readings of carefully selected literary texts literary studies can contribute to understanding and rationalizing key debates waged in many pluralist societies today whether on different conceptions of liberty identity politics historical commemoration challenges of globalization or responses to climate change Understanding Public Debates presents case studies including Milton s *Paradise Lost* P B Shelley s 1820 Reform essay Philip Roth s *The Human Stain* the songwriting of Neil Young and Edward Young s 1720s *Sea Odes* recent climate fiction as well as non literary conflict narratives Rather than mining texts for arguments for or against certain positions this book is interested in how texts stage these debates by means of multiple perspectives narrative situations or ambiguities By suggesting how educators might use literary texts as conversation starters for more rational debates the volume also contributes to Public Literary Studies Three important fields are here brought together 1 the study of societal debates and conflicts and the ways in which they challenge pluralist societies 2 explorations of the societal functions of literature and of non literary narratives and 3 discussions of the role and functions of literary studies The book ends with ten crisp theses on how literary studies can contribute to understanding and rationalizing such conflictive debates *Ethics and Game Design: Teaching Values through Play* Schrier, Karen, Gibson, David, 2010-02-28 This book addressing an emerging field of study ethics and games and answers how we can better design and use games to foster ethical thinking and discourse in classrooms Provided by publisher

Teaching Difficult History through Film Jeremy Stoddard, Alan S. Marcus, David Hicks, 2017-06-26 Teaching Difficult History through Film explores the potential of film to engage young people in controversial or contested histories and how they are represented ranging from gender and sexuality to colonialism and slavery Adding to the education literature of how to teach and learn difficult histories contributors apply their theoretical and pedagogical expertise and experiences to a variety of historical topics to show the ways that film can create opportunities for challenging conversations in the classroom and attempts to recognize the perspectives of historically marginalized groups Chapters focus on translating research into practice by applying theoretical frameworks such as critical race theory auto ethnography or cultural studies as well as more practical pedagogical models with film Each chapter also includes applicable pedagogical considerations such as how to help

students approach difficult topics model questions or strategies for engaging students and examples from the authors own experiences in teaching with film or in leading students to develop counter narratives through filmmaking These discussions of the real considerations facing classroom teachers and professors are sure to appeal to experienced secondary teachers pre service teacher education programs graduate students and academic audiences within education history and film studies Part and chapter discussion guides full references of the films included in the book and resources for teachers are available on the book s companion website www.teachingdifficulthistory.com

Understanding the Military Design Movement Ben Zweibelson, 2023-06-09 This book explains the history and development of the military design movement featuring case studies from key modern militaries Written by a practitioner the work shows how modern militaries think and arrange actions in time and space for security affairs and why designers are disrupting challenging and reconceptualizing everything previously upheld as sacred on the battlefield It is the first book to thoroughly explain what military design is where it came from and how it works at deep philosophically grounded levels and why it is potentially the most controversial development in generations of war fighters The work explains the tangled origins of commercial design and that of designing modern warfare the rise of various design movements and how today s military forces largely hold to a Newtonian stylization built upon mimicry of natural science infused with earlier medieval and religious inspirations Why does our species conceptualize war as such and how do military institutions erect barriers that become so powerful that efforts to design further innovation require entirely novel constructs outside the orthodoxy The book explains design stories from the Israel Defense Force the US Army the US Marine Corps the Canadian Armed Forces and the Australian Defence Force for the first time and includes the theory doctrine organizational culture and key actors involved Ultimately this book is about how small communities of practice are challenging the foundations of modern defence thinking This book will be of much interest to students of military and strategic studies defence studies and security studies as well as design educators and military professionals
