Understanding Chinese and Western Cultures Tang Yijie,2022-09-29 The title is a collection of essays centering on the topic of intercultural communication between Chinese and Western cultures by Tang Yijie one of the most renowned philosophy scholars in China Comprised of five parts the author discusses how Chinese culture should modernize itself through borrowing from Western culture premised on a self awareness of Chinese culture per se The book begins by critiquing theories of the so called clash of civilizations and new empires and argues for the coexistence of cultures and a global consciousness instead Chapters in the second part revisit contemporary Chinese culture in transition and call for the cultural integration of China and the West with China defined in both its ancient and modern guises By providing reflections on the cultural trends of the 1980s and 1990s the third part illustrates the inevitable growth of diversified cultural development while analyzing cases of cultural dialogue in history philosophy and religion The fourth part demonstrates the significance of culture diversity and interaction while the fifth provides thoughts and reflections on some real life cultural issues This title will appeal to all levels of readers interested in Chinese culture cross cultural studies and topics of cultural pluralism Understanding Chinese Families C. Y. Cyrus Chu,Ruoh-Rong Yu,2010 This book provides the reader with a

comprehensive introduction to the distinguishing features of Chinese families This first full scale study seeks to understand Chinese families within the Chinese social context and draws comparisons with existing western theories and models of the

family It also explores the connection between two Chinese societies across the Taiwan Strait and investigates if the unique features of Chinese families can be applied to broaden the scope of family analysis in general This book covers ten core areas including co residence marriage fertility education mobility gender preferences family supports filial feedbacks housework allocation and the dynamics of family norm changes The book uses theory based empirical studies with data collected from a unique panel survey conducted in various areas across the Taiwan Strait namely Taiwan and Southeast China The two focal points of the study are geographically close ethnically homogeneous and are open to the modern market economy A comprehensive analysis of these two areas provides new insights into the similarities and differences of Chinese families to what extent they are distinct from Western ones and how these similarities and differences were formed The uniquely complex nature of intra family interactions in Chinese families and the rapidly changing social background against which these interactions occur make this a hugely fascinating topic

increasingly gained its popularity in a global context According to the Chinese International Education Foundation by 2023 the number of registered Chinese language learners exceeded 12.5 million Due to the shortage of teachers the Ministry of Education in China launched the International Chinese Language Teachers Volunteer Program in 2004 By 2021 more than 61 000 volunteer Chinese language teachers had been dispatched to more than 151 regions and countries Many more overseas universities colleges and higher institutes now have established CSL programmes at both undergraduate and postgraduate levels to cultivate local CSL teachers However as the number of CSL learners continues to grow the need for high quality Chinese language teachers has become more urgent than ever Responding to CSL teachers challenges of delivering Chinese language and culture to learners from diverse language and cultural backgrounds this book explores four interrelated themes 1 CSL teachers professional development in the global context 2 CSL teachers motivation agency and identity 3 CSL teachers knowledge and practice in multicultural and multilingual contexts and 4 CSL teachers technological literacy and agency in the digital era With its focus on both the internal and external complexities of CSL teacher development the book offers timely insights and practical guidance for researchers educators policymakers and frontline teachers working in this rapidly expanding field

Chinese "Cancer Villages" Ajiang Chen, Pengli Cheng, Yajuan Luo, 2025-10-01 The phenomenon of cancer villages has emerged in many parts of rural China drawing media attention and becoming a fact of social life However the relationship between pollution and disease is often hard to discern Through sociological analysis of several villages with different social and economic structures the authors offer a comprehensive historically grounded analysis of the coexistence between the incidence of cancer environmental pollution and villagers lifestyles as well as the perceptions claims and responses of different actors They situate the appearance of cancer villages in the context of social economic and cultural change in China tracing the evolution of the issue over two decades and providing deep insights into the complex interactions and trade offs between economic growth environmental change and public health

Religion and Chinese Society Vol. 2 John Lagerwey, 2021-09-24 Thirty years ago Hu Shih's views of Chinese society and history were representative of Sinology in general China itself had no native religion just local customs its only real religion was an import Buddhism These views have now been completely overturned with massive implications for our understanding not only of China but also of humanity as a whole it is no longer possible to imagine that at least one major traditional society constructed and construed itself without reference to a non mundane world that permeated every facet of society and it therefore becomes indispensable for students of China to take the history of Chinese religion into account and for students of religion to take into account the Chinese experience of and Chinese categories for dealing with religious phenomena The present volumes contain a selection of twenty one essays presented in a conference convened jointly by the Ecole française d'Extrême Orient and the Centre for the Study of Religion and Chinese Society of the Chinese University of Hong Kong on Religion and Chinese Society The Transformation of a Field and Its Implications for the Study of Chinese Culture held on May 29 June 2 2000 The collection

aims at providing as wide a coverage as possible of recent research in the history of Chinese religion and seeks to draw some tentative conclusions about the implications for the study of Chinese religion and society in general **Fundamentals of**

Chinese Culture Liang Shuming, 2025-10-01 Chinese culture to readers of English is somewhat veiled in mystery *Fundamentals of Chinese Culture* a classic of great insight and profundity by noted Chinese thinker educator and social reformist Liang Shuming takes readers on an intellectual journey into the five thousand year old culture of China the world's oldest continuous civilization With a set of Chinese style cultural theories the book well serves as a platform for Westerners better understanding of the distinctive worldview of the Chinese people who value family life and social stability and for further mutual understanding and greater mutual consolidation among humanities scholars in different contexts dismantling common misconceptions about China and bridging the gap between Chinese culture and Western culture As a translation of Liang Shuming's original text this book pulls back the curtain to reveal to Westerners a highly complex and nuanced picture of a fascinating people *Northern and Southern China* He Xuefeng, 2022-03-07 This edited volume examines regional differences in social structure in rural China and elaborates the characteristics reasons and practical implications to policymaking In contrast to many existing studies the book spotlights regional disparities that stem from the varied social compositions of villages and their social relations in rural areas of Northern Central and Southern China Three types of rural community structures ranging from the north to the south of China are identified including the segmented village comprised of kinship groups with a high degree of atomization and the united village resting on a patrilineage based organization The editor draws on middle range theory organically combining a theoretical framework of the regional variations with empirical studies based on years of fieldwork in rural China This approach is used throughout the book to analyze topics in four aspects family relations social interactions other notable social issues and rural governance The volume will appeal to scholars and students of sociology and Chinese studies as well as general readers interested in rural Chinese society *Higher*
