The Precursor To Ill Health & Death Rui Alexandre Gaborro, Emunctologist, 2025-11-20 Vaccines The Precursor To Ill Health Death **Anti-vaxxers** Jonathan M. Berman, 2020-09-08 A clear and insightful takedown of the anti vaccination movement from its 19th century antecedents to modern day Facebook activists with strategies for refuting false claims of friends and family Financial Times Vaccines are a documented success story one of the most successful public health interventions in history Yet there is a vocal anti vaccination movement featuring celebrity activists including Kennedy scion Robert F Kennedy Jr and actress Jenny McCarthy and the propagation of anti vax claims through books documentaries and social media In Anti Vaxxers Jonathan Berman explores the phenomenon of the anti vaccination movement recounting its history from its nineteenth century antecedents to today s activism examining its claims and suggesting a strategy for countering them After providing background information on vaccines and how they work Berman describes resistance to Britain s Vaccination Act of 1853 showing that the arguments anticipate those made by today s anti vaxxers He discusses the development of new vaccines in the twentieth century including those protecting against polio and MMR measles mumps rubella and the debunked paper that linked the MMR vaccine to autism the CDC conspiracy theory promoted in the documentary Vaxxed recommendations for an alternative vaccination schedule Kennedy s misinformed campaign against thimerosal and the much abused religious exemption to vaccination Anti vaxxers have changed their minds but rarely

because someone has given them a list of facts Berman argues that anti vaccination activism is tied closely to how people see themselves as parents and community members Effective pro vaccination efforts should emphasize these cultural aspects rather than battling social media posts **Jabbed** Brett Wilcox,2018-09-11 Jabbed demonstrates that the medical procedure hailed as the greatest medical advancement in history vaccines is a racket run by criminals and gullible believers who have replaced vaccine science with the religion of vaccinology Vaccine marketers teach believers to fear shame and scapegoat anyone foolish enough to question the sanctity of vaccines Such an environment is not the domain of science rather it s the breeding ground of tyranny Jabbed exposes this tyranny From polio and smallpox to medical journals medical curricula congressional hearings regulatory policies White House statements and executive orders Jabbed shines light on the dark underbelly of Big Pharma Big Medicine and Big Government A vaccine informed public is the only thing that will have the power to stop vaccine industry sociopaths and to hold them accountable for their crimes Jabbed informs and immunizes against three of the most dangerous epidemics in history tyranny greed and corruption Once immunized the growing vaccine informed community will have the power to stand up and dismantle the vaccine paradigm and program and to punish the perpetrators of what may well be the greatest medical fraud ever perpetrated on the human race vaccines Selective Persecution Simone Gold,2025-06-03 In the early months of the COVID crisis Dr Simone Gold organized doctors and social media influencers to hold a White Coat Summit in Washington DC and she said something that nobody expected the disease was treatable and the panic was killing people This press conference in front of the Supreme Court exceeded twenty million views within eight hours becoming the most explosive viral video of its time Instantaneously Dr Gold was transformed from an anonymous board certified emergency physician and attorney to public health enemy number one As a whistleblower who sacrificed her job to save a patient s life she began to appear frequently on media and speak at events across the country peeling back the deepening layers of medical propaganda On January 6 2021 she was an invited guest speaker alongside several congressmen at a Capitol grounds rally with a government approved permit That is where this story begins Selective Persecution The Legalization of American Fascism weaves a narrative from Dr Gold s personal experience as a frontline doctor and her forty eight minutes inside the US Capitol Building on January 6 The author walks readers through an array of COVID lies and corruption the course of January 6 itself and the unfathomable progression of fascist government abuse that followed She endured a violent FBI raid extreme malice and misconduct by the Department of Justice and was sentenced to federal prison amid shocking corruption in the judiciary She was then further persecuted by the California Medical Board the New York Bar congressional committees the TSA and was widely defamed by the press and most of the world all for the crime of daring to speak the truth Selective Persecution is Dr Gold s chilling story about how a weaponized government can be turned against any citizen Vaccine Whistleblower Kevin Barry,2015-08-20 A Firsthand Account from a CDC Insider on the Link between Vaccines and Autism Vaccine Whistleblower is a gripping account of four legally recorded phone

conversations between Dr Brian Hooker a scientist investigating autism and vaccine research and Dr William Thompson a senior scientist in the vaccine safety division at the Centers for Disease Control and Prevention CDC Thompson who is still employed at the CDC under protection of the federal Whistleblower Protection Act discloses a pattern of data manipulation fraud and corruption at the highest levels of the CDC the federal agency in charge of protecting the health of Americans Thompson states Senior people just do completely unethical vile things and no one holds them accountable This book nullifies the government s claims that vaccines are safe and effective and reveals that the government rigged research to cover up the link between vaccines and autism Scientific truth and the health of American children have been compromised to protect the vaccine program and the pharmaceutical industry The financial cost of the CDC s corruption is staggering The human cost is incalculable Vaccine Whistleblower provides context to the implications of Thompson s revelations and directs the reader to political action

The Panic Virus Seth Mnookin, 2012-01-03 A searing account of how vaccine opponents have used the media to spread their message of panic despite no scientific evidence to support them
