Vanishing World The Endangered Arctic:

Vanishing World Fredrik Granath, 2007-11-01 Photographs of the Arctic landscape and the animals that live within it provide a testament to the beauty and precariousness of life in northern climes and the impact of climate change on the Arctic ecosystem

The Great White Bear Kieran Mulvaney, 2021-05-12 This up close and graceful account of the polar bear combines historical accounts research and the author's own encounters in the Arctic Kirkus Reviews Polar bears are creatures of paradox They are white bears whose skin is black massive predators who can walk almost silently Arctic residents whose major problem is not staying warm but keeping cool Fully grown they can measure ten feet and weigh close to two thousand pounds but at birth they are just twenty ounces Human encounters with these legendary creatures can be both exhilarating and terrifying Tales throughout history describe the ferocity of polar bear attacks on humans But human hunters have exacted a far larger toll obliging Arctic nations to try to protect their region's iconic species before it's too late Now another threat to the polar bears survival has emerged one that is steadily destroying sea ice and the life it supports Without this habitat polar bears cannot exist The Great White Bear celebrates the story of this unique species Through a blend of history myth personal observations and scientific accounts Kieran Mulvaney tells the story of the polar bear its history its life and its uncertain fate

about polar bears or any animal can teach us about ourselves As we awaken to the wisdom of our dreams we begin to heal ourselves and our Earth Sharing ways to recall dreams and engage lucid dream awareness Brunke shows how dreamwork can help us forge deeper connections with the natural world and move more consciously in planetary evolution with all beings Guided by the polar bears in her dreams the sacred guardians of North Pole evolutionary energy Brunke reveals how we can each dream ourselves awake and with animal companions and guides help dream a new world into being The Polar Times ,2008 BBC Wildlife ,2008 **Last Chance Tourism** Harvey Lemelin,Jackie Dawson,Emma J.
