The Urban Sociology Reader Routledge Urban Reader Series:

The Urban Sociology Reader Jan Lin, Christopher Mele, 2012-11-12 The urban world is an exciting terrain for investigating the central institutions structures and problems of the social world and how they have transformed through the last 200 years This Reader comprises sections on urban social theory racial and social difference in the city culture in everyday life culture and the urban economy globalization and transnational social relations and the regulation of urban space Drawing together seminal selections covering the nineteenth to the twenty first centuries this Reader includes forty three significant writings from eminent names such as Simmel Wirth Park Burgess DuBois Zukin Sassen and Harvey The 2nd edition illuminates more recent urban issues such as sprawl sustainability immigration and urban protest Selections are predominantly sociological but some readings cross disciplinary boundaries Providing an essential resource for students of urban studies this book brings together important but till now widely dispersed writings Editorial commentaries precede each entry introducing the text demonstrating its significance and outlining the issues surrounding its topic whilst the associated bibliography enables deeper investigations

The Urban Geography Reader Nicholas R. Fyfe, Judith T. Kenny, 2005 A reader this collection captures the diversity of scholarship in the field of urban geography by presenting a stimulating selection of articles and excerpts by leading figures organized around seven themes

The Sustainable Urban Development Reader Stephen M. Wheeler, Timothy Beatley, 2004 Bringing together classic readings from a wide variety of sources this key book investigates how our cities and towns can become more sustainable Thirty eight selections span issues such as land use planning urban design transportation ecological restoration economic development resource use and equity planning Section introductions outline the major themes whilst the editors introductions to the individual writings explain their interest and significance to wider debates Additional sections present twenty four case studies of real world sustainable urban planning examples sustainability planning exercises and further reading Providing background in theory practical application and vision in a clear accessible format The Sustainable Urban Development Reader is an essential resource for students professionals and indeed anyone interested in the future of urban environments

The City Reader Richard T. LeGates, Frederic Stout, 2015-07-16 The sixth edition of the highly successful The City Reader juxtaposes the very best classic and contemporary writings on the city to provide the comprehensive mapping of the terrain of Urban Studies and Planning old and new The City Reader is the anchor volume in the Routledge Urban Reader Series and is now integrated with all ten other titles in the series This edition has been extensively updated and expanded to reflect the latest thinking in each of the disciplinary areas included and in topical areas such as compact cities urban history place making sustainable urban development globalization cities and climate change the world city network the impact of technology on cities resilient cities cities in Africa and the Middle East and urban theory The new edition places greater emphasis on cities in the developing world globalization and the global city system of the future The plate sections have been revised and updated Sixty generous

selections are included forty four from the fifth edition and sixteen new selections including three newly written exclusively for The City Reader The sixth edition keeps classic writings by authors such as Ebenezer Howard Ernest W Burgess LeCorbusier Lewis Mumford Jane Jacobs and Louis Wirth as well as the best contemporary writings of among others Peter Hall Manuel Castells David Harvey Saskia Sassen and Kenneth Jackson In addition to newly commissioned selections by Yasser Elshestawy Peter Taylor and Lawrence Vale new selections in the sixth edition include writings by Aristotle Peter Calthorpe Alberto Camarillo Filip DeBoech Edward Glaeser David Owen Henri Pirenne The Project for Public Spaces Jonas Rabinovich and Joseph Lietman Doug Saunders and Bish Sanyal The anthology features general and section introductions as well as individual introductions to the selected articles introducing the authors providing context relating the selection to other selection and providing a bibliography for further study The sixth edition includes fifty plates in four plate sections substantially revised from the fifth edition Cities of the Global South Reader Faranak Miraftab, Neema Kudva, 2014-10-10

The Cities of the Global South Reader adopts a fresh and critical approach to the field of urbanization in the developing world The Reader incorporates both early and emerging debates about the diverse trajectories of urbanization processes in the context of the restructured global alignments in the last three decades Emphasizing the historical legacies of colonialism the Reader recognizes the entanglement of conditions and concepts often understood in binary relations first third worlds wealth poverty development underdevelopment and inclusion exclusion By asking whose city whose development the Reader rigorously highlights the fractures along lines of class race gender and other socially and spatially constructed hierarchies in global South cities The Reader's thematic structure where editorial introductions accompany selected texts examines the issues and concerns that urban dwellers planners and policy makers face in the contemporary world These include the urban economy housing basic services infrastructure the role of non state civil society based actors planned interventions and contestations the role of diaspora capital the looming problem of adapting to climate change and the increasing spectre of violence in a post 9 11 transnational world The Cities of the Global South Reader pulls together a diverse set of readings from scholars across the world some of which have been written specially for the volume to provide an essential resource for a broad interdisciplinary readership at undergraduate and postgraduate levels in urban geography urban sociology and urban planning as well as disciplines related to international and development studies Editorial commentaries that introduce the central issues for each theme summarize the state of the field and outline an associated bibliography They will be of particular value for lecturers students and researchers making the Cities of the Global South Reader a key text for those interested in understanding contemporary urbanization processes The Urban Politics Reader Elizabeth A. Strom, 2007

The Urban Politics Reader draws together classic and contemporary writings that best illuminate the basic questions of urban politics how interests contend for power over the distribution of resources and why some win while others lose Contributions from Martin Shefter Clarence Stone Rufus P Browning and Saskia Sassen are included among the thirty two

generous selections The Reader juxtaposes the main theoretical approaches to urban power with vivid accounts of actual political experiences on such key themes as the urban crisis the politics of race ethnicity and gender national urban policy suburbanization and globalization Strom and Mollenkopf illustrate how thinking about cities is central to our understanding of democracy and citizenship and how although the parties to urban politics may change over time the struggle of new groups to gain access and representation is a constant theme The Editors introductions suggest topics and questions for class discussion demonstrate the significance of urban politics and suggest directions for further reading and thinking while the associated bibliography enables deeper investigations By drawing together important but widely dispersed writings The Urban Politics Reader provides an essential resource for students of urban politics The volume will also have widespread appeal for students of urban sociology urban affairs urban planning and public policy A Reader in Urban Sociology M.
