Ergin,2009-02-12 A collection of modern Sufi tales by renowned Rumi translator and Sufi initiate Nevit Ergin Contains 24 deceptively simple stories that invoke questioning and awareness By the renowned English translator of Rumi s complete Divan i Kebir Sufi stories have traditionally been a means of opening a portal that allows us to advance from our basic perceptions into states of extraordinary awareness This collection of deceptively simple stories by renowned Rumi translator and Sufi Nevit Ergin has the ability to remove readers complacent sense of self and identity and to expand their ordinary awareness of reality from every possible direction In his stories the primrose path we travel suddenly turns into a trickster s hall of mirrors where we learn that we are not children of Adam and Eve so much as children of our perceptions The protagonists and antagonists of these stories are constantly morphing and exchanging places They exist in a world where individuals are stalked by a cricket that is an invisible monster with the face of a demon confront the ambiguous burden of ridding oneself of one s own corpse and discover the invisible fence of reality existing in the layers of a discarded piece of art The symbols in these stories are booby traps designed to release the mind from the sense of its own importance and awaken the realization that if you refuse to be born you cannot die Blind faith the author says has proved itself incapable of producing wisdom tolerance or world peace This is because the answers to humanity s problems lie beyond our ordinary perception and require love and ecstasy to be made visible Our thirst for wisdom and understanding must go to the fountain of universal truth These stories provide water from that fountain Islam, Sufism and Everyday Politics of Belonging in South Asia Deepra Dandekar,Torsten Tschacher,2016-09-13 This book looks at the study of ideas practices and institutions in

South Asian Islam commonly identified as Sufism and how they relate to politics in South Asia While the importance of Sufism for the lives of South Asian Muslims has been repeatedly asserted the specific role played by Sufism in contestations over social and political belonging in South Asia has not yet been fully analysed Looking at examples from five countries in South Asia India Pakistan Bangladesh Sri Lanka and Afghanistan the book begins with a detailed introduction to political concerns over belonging in relation to questions concerning Sufism and Islam in South Asia This is followed with sections on Producing and Identifying Sufism Everyday and Public Forms of Belonging Sufi Belonging Local and National and Intellectual History and Narratives of Belonging Bringing together scholars from diverse disciplines the book explores the connection of Islam Sufism and the Politics of Belonging in South Asia It is an important contribution to South Asian Studies Islamic Studies and South Asian Religion Islam, Christianity and the Mystic Journey Ian Richard Netton, 2011-04-30 This distinctive comparison of Islamic and Christian mysticism focuses on the mystic journey in the two faith traditions A *Theology of Gratitude* Mona Siddiqui, Nathanael Vette, 2022-12-22 This rich interdisciplinary volume is the first to explore diverse theologies of gratitude from both Christian and Muslim perspectives **Javanmardi** Lloyd Ridgeon, 2018-11-15 Javanmardi is one of those Persian terms that is frequently mentioned in discussions of Persian identity and yet its precise meaning is difficult to comprehend A number of equivalents have been offered including chivalry and manliness and while these terms are not incorrect javanmardi transcends them The concept encompasses character traits of generosity selflessness hospitality bravery courage honesty truthfulness and justice and yet there are occasions when the exact opposite of these is required for one to be a javanmard At times it would seem that being a javanmard is about knowing and doing the right thing although this definition too falls short of the term's full meaning The present collection is the product of a three year project financed by the British Institute of Persian Studies on the theme of Javanmardi in the Persianate world The articles in this volume represent the sheer range influence and importance that the concept has had in creating and contributing to Persianate identities over the past one hundred and fifty years The contributions are intentionally broad in scope Rather than focus for example on medieval Sufi manifestations of javanmardi both medieval and modern studies were encouraged as were literary artistic archaeological and sociological studies among others The opening essays examine the concept's origin in medieval history and legends throughout a geographical background that spans from modern Iran to Turkey Armenia and Bosnia among both Muslim and Christian communities Subsequent articles explore modern implications of javanmardi within such contexts as sportsmanship political heroism gender fluidity cinematic representations and the advent of digitalization *Sufism in the Secret History of Persia* Milad Milani, 2014-10-14 Sufism formed one of the cultures of resistance which has existed in the social fabric of Persia since antiquity Such resistance continues to manifest itself today with many looking to Sufism as a model of cooperation between East and West between traditional and modern Sufism in the Secret History of Persia explores the place of Sufi mysticism in Iran's intellectual and spiritual consciousness through

traditional and contemporary Sufi thinkers and writers Sufism in the Secret History of Persia examines the current of spirituality which extends from the old Iranian worship of Mithra to modern Islam This current always contains elements of gnosis and inner knowing but has often provided impetus for socio political resistance The study describes how these persisting pre Islamic cultural and socio religious elements have secretly challenged Muslim orthodoxies and continue to shape the nature and orientation of contemporary Sufism
