The White Guy A Field Guide:

The White Guy Stephen Hunt, 2012-01-06 Let's face it Everyone's a little bit racist So why not talk about it the only way we can this side of warfare via humor In *The White Guy* Stephen Hunt tries to come to grips with his whiteness in order to continue to rule the world amass the bulk of its wealth and generally dominate things as his people have done for the past 2 000 years give or take a few odd moments like the rise of Attila the Hun the rule of the 7th century Caliphate or the 70s Then again if you're not a white guy this is the ultimate insider's guide to the minds of the men responsible for everything that's wrong with the world or your life apartheid colonialism ethnic cleansing the glass ceiling patriarchy serial killing NASCAR K tel Records even the theft of rock n roll *The White Guy* humorously turns racial politics on its head while delivering a subtle message about tolerance

Ka-mi-akin, the Last Hero of the Yakimas A. J. Splawn, 1917 *Ka Mi Akin The Last Hero of the Yakimas* by Andrew Splawn Jackson first published in 1917 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

Imagining Community in White Nationalism's Mediated Network Kevan A. Feshami, 2025-11-13 This book illustrates how white nationalism emerged and maintained itself as a global movement in the years after the Second World War contending that its international scope was made possible by a network of individuals and groups who depended on media to communicate with each other By establishing and maintaining mediated networks Feshami posits members of the movement were able to more persuasively communicate not only their ideas and worldview but also perhaps more compellingly the personal emotions narratives and experiences which have encouraged them to construct and understand their identities as part of a national community fighting for its survival To that end he analyzes a variety of archival white nationalist media artifacts as case studies to demonstrate how the movement has historically utilized media to construct and foster an identity grounded in ideas of racial unity geographical belonging and perceived existential threats As white nationalists attempt to draw larger audiences by shifting cultural attitudes toward their vision of a globally united white nation Feshami positions this network as a mediated space comprising a social architecture in which participants are encouraged to form core understandings of the self one's relationship to others and one's place in the larger world In doing so they seek to grow a movement that threatens the future of democratic and pluralist societies

So Great Was the Slaughter Buckley T. Foster, 2025 By 1925 market hunters had harvested almost every deer bear turkey and quail population in the state of Arkansas having completely eradicated bison the prairie chicken and the passenger pigeon The national demand for meat and the ability to transport meat to cities like Memphis Chicago Cincinnati New Orleans and St Louis had

driven many wild species near or to extinction In So Great Was the Slaughter Buck Foster gives an account of the rise of sportsmen and other conservation groups who successfully rallied to end market hunting and create a sustainable legal framework for managing wildlife The Routledge Handbook of Architecture, Urban Space and Politics, Volume I Nikolina Bobic, Farzaneh Haghighi, 2022-10-28 For architecture and urban space to have relevance in the 21st Century we cannot merely reignite the approaches of thought and design that were operative in the last century This is despite or because of the nexus between politics and space often being theorized as a representation or by product of politics As a symbol or an effect the spatial dimension is depoliticized Consequently architecture and the urban are halted from fostering any systematic change as they are secondary to the event and therefore incapable of performing any political role This handbook explores how architecture and urban space can unsettle the unquestioned construct of the spatial politics of governing Considering both ongoing and unprecedented global problems from violence and urban warfare the refugee crisis borderization detention camps terrorist attacks to capitalist urbanization inequity social unrest and climate change this handbook provides a comprehensive and multidisciplinary research focused on the complex nexus of politics architecture and urban space Volume I starts by pointing out the need to explore the politics of spatialization to make sense of the operational nature of spatial oppression in contemporary times The operative and active political reading of space is disseminated through five thematics Violence and War Machines Security and Borders Race Identity and Ideology Spectacle and the Screen and Mapping Landscapes and Big Data This first volume of the handbook frames cutting edge contemporary debates and presents studies of actual theories and projects that address spatial politics This Handbook will be of interest to anyone seeking to meaningfully disrupt the reduction of space to an oppressive or neutral backdrop of political realities Chapters 1 and 23 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license **The White Mountains: a Handbook for Travellers** Moses Foster Sweetser, 1886 The Materiality of Lake Kariba Joshua Matanzima, 2024-06-11 This book is an exploration of one of the world's largest man made reservoirs Lake Kariba created along the Zambezi River in central Africa Originally built for electricity generation as the lake reached its full capacity in 1963 it attracted other socioeconomic activities such as tourism recreation fisheries and conservation The material properties of the waterscape including waves strong winds water volumes deities and aquatic species have shaped these socioeconomic activities since its creation Community interpretations of the reservoir feature stories of fear death income generation livelihoods illegal cross border trade religion and everyday conflicts with wild animals Drawing on extended ethnographic research and the author's personal experience growing up around Lake Kariba this empirically rich book provides a nuanced discussion of the ways in which the waterscape shapes people's lives and livelihoods Additionally the book explores the challenges of sustaining and preserving Lake Kariba's unique ecosystem amidst environmental pressures and competing demands for resources Readers will gain a nuanced perspective of the significance

of the lake its relationship with neighboring communities and its evolution over time **Geological Survey of Canada, Open File 3946** , *Terry's Guide to Mexico* Thomas Philip Terry,1927 **There Are No Accidents** Jessie Singer,2023-02-28 A journalist recounts the surprising history of accidents and reveals how they've come to define all that's wrong with America We hear it all the time Sorry it was just an accident And we've been deeply conditioned to just accept that explanation and move on But as Jessie Singer argues convincingly There are no such things as accidents The vast majority of mishaps are not random but predictable and preventable Singer uncovers just how the term accident itself protects those in power and leaves the most vulnerable in harm's way preventing investigations pushing off debts blaming the victims diluting anger and even sparking empathy for the perpetrators As the rate of accidental death skyrockets in America the poor and people of color end up bearing the brunt of the violence and blame while the powerful use the excuse of the accident to avoid consequences for their actions Born of the death of her best friend and the killer who insisted it was an accident this book is a moving investigation of the sort of tragedies that are all too common and all too commonly ignored In this revelatory book Singer tracks accidental death in America from turn of the century factories and coal mines to today's urban highways rural hospitals and Superfund sites The automobile industry popularized the idea of jaywalking to redirect blame away from cars and their drivers Racist planning policies built hazardous highway conditions straight through Black neighborhoods and then blamed Black and Latino victims Drawing connections between traffic accidents accidental opioid overdoses and accidental oil spills Singer proves that what we call accidents are hardly random Rather who lives and dies by an accident in America is defined by money and power She also presents a variety of actions we can take as individuals and as a society to stem the tide of accidents saving lives and holding the guilty to account *The Missionary Review* ,1928
