## **The Vision By The Tigris:**

*The Vision by the Tigris* Timothy John Hayden, 2006 Named after the vision that Daniel received by the Tigris River this book is a commentary of Daniel chapters 10-12. It was written for those who are interested in a detailed description of Daniel's last prophecy. While modern futurist interpretations place historical portions of this prophecy into the future, *The Vision by the Tigris* breaks new ground by clarifying those historical sections that have never been properly understood. Especially significant is its interpretation of Daniel 11:23-30. Here the author shows that these verses identify spiritual powers after Jesus' crucifixion in verse 22. He then uses this new information to interpret the time of the end in verses 40-45. The following information is included in the book. It is interspersed with quotes, maps, charts, and timelines. It gives principles for interpreting end-time prophecies. It uses the historicist method of interpretation. It uses typology to identify the spiritual powers after Jesus' crucifixion. It connects Daniel 11 to other Bible prophecies. It examines Daniel's experience and admonishes the reader to follow Christ. It shows the prophecy's connection to Jesus and His Church. It explains the ministry of Christ, the New Covenant, and the corruption and persecution of the Church. It reveals the great men of history, their kingdoms, and their wars given in the vision. It shows the involvement of the United States, the European Union, and the Moslem and Communist nations. It identifies the spiritual kingdoms of Israel, Babylon, and Egypt at the end. It unveils the conflict over God's Law, explains the experience of His people, and shows their victory over sin and Satan.

**The Vision by the Tigris** Timothy J. Hayden, 2006-01-01      Unlocking the Fountains Andrew D. Mayes, 2025-10-17 This book unleashes hidden secrets and forgotten messages of the rivers and springs that flow through the Bible, alerting us both to ecological realities and spiritual challenges. To understand the biblical story, we must attend to these features of the land, for they are important threads in the tapestry of the scriptural narratives, the context and matrix of the workings of the Divine. They become literally and symbolically sources of faith. But it is impossible for us to revisit the rivers and springs of the biblical story today without attending to their present physical state of degradation. The varied crises facing the rivers and springs furnish us with a hermeneutical tool for approaching ancient biblical stories, confronting us with demanding questions that become an interpretative lens, refocusing our attention as we approach the texts. The environmental dangers they face today raise issues with which we revisit the biblical accounts, helping us to discover their elements and questions that have not addressed us before. To assist our quest, we go in search of those who have lived on the riverbanks in past times and listen to their ancient and abiding wisdom, which speaks uncannily to us across the centuries.

*Daniel* John Walvoord, 2012-02-01 The book of Daniel is key to the entire Old Testament prophetic revelation. Who better to help you understand Daniel's stories, prophecies, and dreams and give you a brighter hope for things to come than John F. Walvoord, one of evangelicalism's most prominent leaders, and Charles Dyer, a Bible professor and expert on Israel. In this second work of a renewed series of commentaries, Dr. Walvoord addresses alleged historical inaccuracies and considers past and future fulfillments of specific

prophecies At key points different views and approaches to interpretation are explored Walvoord devotes special attention to textual and doctrinal issues while avoiding technical language Refined updated with the English Standard Version ESV and streamlined this classic text is set to help you understand and interpret the book of Daniel and gain a better grasp of what the future may bring      **Remarks on the Prophetic Visions in the Book of Daniel ...** Samuel Prideaux Tregelles,1864

*The Visions of Daniel the Hebrew Prophet* Robert Johns,2012-04-20 For centuries controversy has raged over the authorship and genuineness of the book of Daniel Is it an authentic document from the sixth century before the Common Era with a message from God to postexilic Israel or is it a forged document written centuries later to encourage Israelites being oppressed by the Seleucid king Antiochus Epiphanes Robert Johns addresses these issues and more in his thesis on Daniels visions Importantly Johns establishes when Daniel was provided with his visions and he defines why God provided Daniel with the visions *The Visions of Daniel the Hebrew Prophet* examines the metal image the beast with eleven horns the Seventy sevens chapter eights little horn and the 2 300 evening mornings It demonstrates that the enigmatic 1 290 days and 1 335 days are anything but enigmatic and it identifies the reason why Daniels fifth and final revelation is so detailed Appendices address issues of general nature such as the historicity of Jesus the Christ the popularity of dispensationalism the identity of the abomination that desolates and the integrity of novels representing the Christian fiction genre which focus on a seven year tribulation period at the end of history This book will be of value to every Christian who has an interest in Bible prophecy and eschatology      **A Teacher for All Generations (2 vols.)** Eric F. **The Truth about the Tribulation** Jim Lewis, 2023-10-23 When I was in High School in the early 1960s I was taught there was nothing more that needed to happen before the rapture of the saints and that the tribulation could come at any time If that was the case what was God waiting for So my wife and I have read many books on end time events since we were married But they all seemed to repeat what I learned in high school So there is a great thing God does He equips the called That is what he did with me God is the true author of this book When I didn't know a word or have any idea how to proceed I prayed and God allowed the words to flow and gave me understanding That is how this book came to be About ten years ago I started serious research on the subject I found the answers were not as I was taught during my high school years The more I studied the more truth I found I decided to put what I learned into a book to teach others the real truth about the tribulation and what will happen in the Last Days They say what you don't know can't hurt you I found out that's a lie There are things you need to know before the tribulation starts This book is about the Tribulation culminating in the Battle of Armageddon and the 1000 reign of Christ on Earth occurring in the near future
