The Triumph of the Dark Zara S. Steiner, Zara Steiner, 2011-03-31 Following on her acclaimed study of the collapse of international security during the early 1930s Zara Steiner gives a dramatic and authoritative account of the coming catastrophe She shows that the era of Hitler's rise to power an ascent bent on war was founded on ideologies which the democratic perception could neither penetrate nor arrest Like few others this survey takes both European and East Asian conflicts into interlocking accounts In the light of new material she refutes attempts to whitewash Mussolini argues that Anglo French military response in 1938 had realistic prospects traces the global ramifications of Sino Japanese wars and evaluates Moscow's diplomatic options Zara Steiner shows that only Hitler regarded the Jewish question as of primary importance Lucid formidably documented this profoundly original work will alter our perceptions of the tragic decisive epoch from which our present world map has emerged

How Was It Possible? Peter Hayes, 2015-04-01 As the Holocaust passes out of living memory future generations will no longer come face to face with Holocaust survivors But the lessons of that terrible period in history are too important to let slip past How Was It Possible edited and introduced by Peter Hayes provides teachers and students with a comprehensive resource about the Nazi persecution of Jews Deliberately resisting the reflexive urge to dismiss the topic as too horrible to be understood intellectually or emotionally the anthology sets out to provide answers to questions that may otherwise defy comprehension This anthology is organized around key issues of the Holocaust from the historical context for antisemitism to the impediments to escaping Nazi Germany and from the logistics of the death camps and the carrying out of genocide to the subsequent struggles of the displaced survivors in the aftermath Prepared in cooperation with the Jewish Foundation for the Righteous this anthology includes contributions from such luminaries as Jean Ancel Saul Friedlander Tony Judt Alan Kraut Primo Levi Robert Proctor Richard Rhodes Timothy Snyder and Susan Zuccotti Taken together the selections make the ineffable fathomable and demystify the barbarism underlying the tragedy inviting readers to learn precisely how the Holocaust was in fact possible
