The White Book Makaveli:

The White Book Mackaveli, Makaveli, 2007-10 Most of us believe in information Some believe in truths while others believe in magic Information is what we can see truth is what we feel and magic is what we instinctively know is true On December 4th 1981 the president of the United States issued Executive Order 12333 concerning the activities of the intelligence community Paragraph 2 11 of that order states No employee of the United States Government shall engage in or conspire to engage in assassination But upon learning of the political ties and aspirations of one charismatic young entertainer and philanthropist certain agencies broke that order in the fall of 1996 when the star was killed in a barrage of bullets fired by a confidential informant commissioned for just such an act After a decade of silence the files have been unsealed and the shooter will now be revealed Some call him a hero others say he s a villain and some even call him a god The White Book provides a glimpse at man s perspectives of the cultural history of the United States assassination government cover ups and his perpetual pursuit of what sets us all free the truth

The Talking Book Allen Dwight Callahan, 2008-10-01 The

Talking Book casts the Bible as the central character in a vivid portrait of black America tracing the origins of African American culture from slavery's secluded forest prayer meetings to the bright lights and bold style of today's hip hop artists. The Bible has profoundly influenced African Americans throughout history. From a variety of perspectives, this wide-ranging book is the first to explore the Bible's role in the triumph of the black experience. Using the Bible as a foundation, African Americans shared religious beliefs, created their own music, and shaped the ultimate key to their freedom: literacy. Allen Callahan highlights the intersection of biblical images with African American music, politics, religion, art, and literature. The author tells a moving story of a biblically informed African American culture, identifying four major biblical images: Exile, Exodus, Ethiopia, and Emmanuel. He brings these themes to life in a unique African American history that grows from the harsh experience of slavery into a rich culture that endures as one of the most important forces of twenty-first-century America.

The 4 Pillars will show the impact it had on a young boy who decided to walk the tight rope of the street life and falling off after being forewarned about the consequences that come with that choice of lifestyle. Although given an opportunity to be and do something special with his life, he decided to go left. Da'Ron Cox grew up in the Homewood-Brushton community on the East Side of the city of Pittsburgh, PA. He has been incarcerated for 27 years. He was convicted for a homicide at the age of 18 years old.
