Proverbs and the Formation of Character Bland Dave,2016-11-24

Proverbs and the Formation of Character presses the wisdom of Proverbs into active duty in the trenches of everyday life and puts the principles of character formation in working clothes The wisdom Proverbs describes is not designed to master life's challenges but to learn to manage them and adapt In learning to adapt individuals grow and mature spiritually Relying on solid biblical scholarship Dave Bland brings to the fore the neglected sentence literature in Proverbs 10 29 and the vital resources they contribute to the process of character formation Contrary to popular opinion the book of Proverbs even though addressed to youth is not a book solely for the young but for those of all ages who desire to continue to grow personally as well as in their relationship with others and God The wise in the book of Proverbs employ a plethora of resources to help train up young and old alike to grow into the character of God Among others these resources include the value of interacting with others a healthy understanding of conflict an appropriate perspective on wealth a new appreciation for and reliance on the role of the neglected proverb in the education process and the vital role of family and the faith community

Psalms Dr William P. Brown,2010-08-01 Biblical texts create worlds of meaning and invite readers to enter them When readers enter such textual worlds which are often strange and complex they are confronted with theological claims With this in mind the purpose of the Interpreting Biblical Texts series is to help serious readers in their experience of reading and interpreting by providing guides for their journeys into textual worlds The controlling perspective is expressed in the operative word of the title interpreting The primary focus of the series is not so much on the world behind the texts or out of which the texts have arisen as on the worlds created by the texts in their engagement with readers The focus of the volume moves from the smallest to the largest of scales from an examination of poetic segments to considerations of God and the world through the psalmists' eyes The author will present new slants and questions that equip the reader with various tools of interpretation while leaving issues open for the reader's further exploration Included are discussions of Psalms as Hebrew poetry species performance corpus anthropology and theology
