Turning Tuscan Sam Hilt, 2012-11 Turning Tuscan is a story about what it s like to fall in love with Tuscany in your mid life years to buy a home there to change around your work and finally to leave the San Francisco Bay Area and move with your wife and children to a tiny Tuscan village That s the first part The second part tries to share what it s like living here once you ve made the move learning the language becoming part of a village community running a tour company understanding the political scene getting an internet connection enjoying Renaissance art spending time in the hospital appreciating the bureaucracy and enduring customer service at The Phone Company It has been written in a way that will make you feel like an honored guest invited into the cockpit as we transfer from America to Tuscany and set up shop And in case you are wondering what kind of crazy person does such a thing and whether you might be one I try to share enough personal history and detail about our lives on both sides of the ocean to satisfy your curiosity As a foreigner who enters into another culture there is a limited window of time available to you to see these things and to try to record them in some way You have to become Italian enough to play the game but not so Italian yet that it all becomes invisible If you wait too long you are no longer in a position to reflect or comment on cultural differences because what people are doing seems totally normal to you Ripeness is all as the poet said and hopefully I ve managed to capture for you some of the subtler aspects of living here that travel photos even high resolution ones can never reveal

Day in Tuscany Dario Castagno,Robert Rodi,2007-06-01 This second

book from Dario Castagno is a delightfully honest mix of memoirs from life in the hills of Tuscany's legendary Chianti region. Set on the day the author arrived home after a three month tour of the United States promoting his first book *A Day in Tuscany*, it compels readers to experience this enchanted corner of Italy through the heart and mind of a true Tuscan. As Castagno sees his beloved hills with fresh eyes and reacquaints himself with the rhythms of home, a flood of recollections of its people and places come to him. Through his engaging narrative, we are transported as well. The sights he sees and people he meets as he takes a one mile walk through his village during the course of this noteworthy day trigger memories of his childhood and adolescence in Tuscany during the seventies, his experiences as a tour guide in Chianti, and some of the more remarkable people he has known. In addition to stories from his own past, included are oral histories from several village elders. History and the present mingle in this part of the world, and these stories bring both alive. Sometimes funny, often poignant, *A Day in Tuscany* weaves a magical spell and offers a candid insider's look at the people and culture of a fascinating land.
