Trump and the Protestant Reaction to Make America Great Again Matthew Rowley, 2020-11-01 This book explores how polarised interpretations of America s past influence the present and vice versa A focus on competing Protestant reactions to President Trump s Make America Great Again slogan evidences a fundamental divide over how America should remember historical racism sexism and exploitation Additionally these Protestants disagree over how the past influences present injustice and equality The 2020 killing of George Floyd forced these rival histories into the open Rowley proposes that recovering a complex view of the past confessing the bad and embracing the good might help Americans have a shared memory that can bridge polarisation and work to secure justice and equality An accessible and timely book this is essential reading for those concerned with the vexed relationship of religion and politics in the United States including students and scholars in the fields of Protestantism history political science religious studies and sociology
