Talent Identification and Development in Youth Soccer Adam Kelly,2023-09-11 Talent development pathways in youth soccer provide opportunities for young players to realise their potential Such programmes have become increasingly popular throughout governing bodies professional clubs and independent organisations This has coincided with a rapid rise in sport science literature focused specifically on optimising player development towards expertise However the decreasing age of recruitment biases in selection inconsistencies in the language used underrepresented populations and large dropout rates from pathways have magnified the potential flaws of existing organisational structures and settings Moreover despite both the professionalisation of talent development pathways and growing research attention we still know little about the characteristics that facilitate accurate recruitment strategies into pathways and long term development outcomes Talent Identification and Development in Youth Soccer provides an all encompassing guide for both researchers and practitioners by gathering the existing literature to help better understand the current context of this discipline Chapters are contributed by a team of leading and emerging international experts examining topics such as technical tactical physical psychological social activities and trajectories career transitions relative age effects creativity and genetics with each chapter offering important considerations for both researchers and practitioners With a dual emphasis on both theory and practice this book is an

International Journal of Management and Transformation , *Langenscheidt-UEFA-Praxiswörterbuch Fußball* Florian Simmen,2008

The assistant soccer coach Denis Silva Puig,2020-06-13 The assistant soccer coach has existed for decades and is a standard figure within the coaching staff with specific roles functions and responsibilities However I find it strange that nobody has yet described this profession formally I used to only be a head coach until one day I was proposed to be the assistant coach of U18 team of FC Barcelona That is when I started thinking about writing this book moved by my desire to continue learning If I wanted to train in my new role I could only do it by asking others and observing training sessions But I was missing one of the pillars that has forever supported my training studying and reading With this book I hope to cover that lack of information The book is divided into two parts the first is based on describing the assistant coach in professional soccer and I have not found a more practical way to do it than through interviews with assistant coaches Each interviewee has contributed his experiences from working with the most recognized soccer coaches I am talking about people who have worked with Vicente del Bosque Ernesto Valverde Luis Enrique Pep Guardiola Mauricio Pochettino Sergio Gonzalez Quiche Sanchez Flores and Paulo Sousa The second part of the book is related to Youth soccer which I have experienced in clubs like Atletico de Madrid and FC Barcelona I propose the role of the assistant coach working in Youth soccer to be more formative and educational than what is currently given and I want to direct their effort towards two dimensions the team's sporting performance which the vast majority do and the individualized analysis of the young player which very few do This second dimension is described in the last chapter to demonstrate a new vision of assistant coaches in Youth soccer who in my view have to dedicate their time to improving the players as an athlete and as a person in a more personalized and integral way

Coaching the Coach - A Complete Guide How to Coach Soccer Skills Through Drills Richard Seedhouse,2007-11

This book is more than just a common session guide or book of drills. It expands on why you choose a drill, how you will use it, and what you will coach. This book is coach education. Use all the other drill books and session plans you want, but without reading this book, you will not know what you are trying to coach, why, and how. It will question your thoughts and help you learn and develop as a coach. If you are a parent taking up the reins of a new team or a Level 1 coach, this book is for you. As you read through, you will understand more about what coaching your players really is and means. It is the first book you should read and the one book you should keep by your side. It is written to help you and all grassroots coaches to coach.

Richard Seedhouse is an FA tutor holding the UEFA B Level 3 Coaching Licence and the Level 2 goalkeeping Coaching Certificate. He is an FA Centre of Excellence coach with Coventry City Ladies and has coached the youth team at Nuneaton Borough FC. Richard maintains his grassroots links as the Football Development Officer at Coundon Court FC, recent winners of the FA Charter Standard Development Club of the Year award for the Midlands Region. Testimonies:

The prompting of questions and challenging the coach to design progressions and sessions will fit in with current work around coach development and education.

Andy Poole, UEFA A Licence coach and the FA Regional Coach Development Manager, talking about how the book can help:

Trevor Brooking and the FA's new initiative on coach development: Whenever we take on any new Level 1 coach at our sports centre, I will make sure they know about this book and recommend they read it.

Terry Harvey, UEFA B coach and Sports Centre Manager: I have read many coaching manuals which show how to set up, organise, and the key points to look for. However, this book shows what the coach can do to improve or improvise the sessions. Excellent for coaches just starting out on their coaching career.

David Busst, UEFA A Licence coach, Coventry City FC Football Coaching in the Community Manager: Easy to read and with a logical approach, this book will give the coach the confidence to get involved with their players and actually begin to coach them.

Michelle Hickmott, Level 2 Coach and England Ladies International at U21 and U23 and Birmingham City Ladies FC in the Premier League: I read this book just before my level 2 course and found it a great help as it actually talked about coaching the player's the same specific points as coached on the course.

Ty Power, Level 1 coach currently taking the level 2 coaching certificate.
