UFO Visitation Alan Watts,1996 The Ufo Book of Lists Stephen J. Spignesi,2000 Scores of entertaining and informative lists illuminate the UFO phenomenon Ancient Astronauts Area 51 Roswell the Hudson Valley Sightings and the Philadelphia Experiment Barney and Betty Hill and the Travis Walton Abduction Close Encounters of the 1st 2nd 3rd 4th and 5th Kind Crop Circles Galactic Departure Points for UFOs Healings by Extraterrestrials Predictions by Extraterrestrials That Came True Sounds UFOs Make Crashes With and Without Physical Evidence UFO Debunkers and Hoaxes UFO Magazines Novels TV Shows Movies Web sites Songs Conventions and Associations Also featured are the connections between UFOs and Astrology The Bible Cattle Mutilations The Flat Earth and Hollow Earth Theories The Millennium Reincarnation and more Here in an engrossing page turning style is everything readers have wanted to know about our weird universe *The Lure of the Edge* Brenda Denzler,2001-11-07 UFO phenomena entered American consciousness at the beginning of the Cold War when reports from astonished witnesses of encounters with unknown aerial objects captured the attention of the United States military and the imagination of the press and the public But when UFOs appeared not to be hostile and when some scientists pronounced the sightings to be of natural meteorological phenomena misidentified due to Cold War jitters military interest declined sharply and with it further overt scientific interest Yet sighting reports didn't stop and UFOs entered the public imagination as a cultural myth of the twentieth century Brenda Denzler's comprehensive clearly written and compelling narrative provides the first sustained overview and valuation of the UFO alien abduction movement as a social phenomenon positioned between scientific and religious perspectives Demonstrating the unique place ufology occupies in the twentieth century nexus between science and religion Denzler surveys the sociological contours of its community assesses its persistent attempt to achieve scientific legitimacy and concludes with an examination of the movement's metaphysical or spiritual outlook Her book is a substantial contribution to our understanding of American popular culture and the boundaries of American religion and to the debate about the nature of science and religion Denzler presents a thorough and fascinating history of the UFO abduction movement and traces the tensions between those who are deeply ambivalent about abduction narratives that seemingly erode their quest for scientific credibility and the growing cultural power of those who claim to have been abducted She locates the phenomenon within the context of American religious history and using data gathered in surveys sheds new light on the social profile of these UFO communities *The Lure of the Edge* succeeds brilliantly in repositioning a cultural phenomenon considered by many to be bizarre and marginal into a central debate about the nature of science technology and the production of a modern myth Light and Dark Trevor J. Hawkeswood,2013 Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime In *Light and Dark* he recounts some of these incredible interactions He believes that reality occurs on two separate but interwoven planes of existence the Earth plane and the multiple levels of the spiritual planes including the lower levels from where the dark souls of humans

who have died reach out to us He has experienced more than one hundred sightings of the shadow people or black ghosts He credits guardian angels with saving him from harm or certain death on a number of occasions Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs He has personally experienced clairaudience voices from beyond and precognition or the ability to see the future His detailed account of a unique out of body experience OOBEE challenges what is known about this remarkable ability His OOBEE was unlike anything that has ever been described by others who have experienced it and he shares it all in *Light and Dark* But it hasn't all been safe or pleasant At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him A comprehensive handbook for the paranormal enthusiast Hawkeswood's work also provides a glossary and reference list of English language UFO books In *Light and Dark* he shares a lifetime of experiences ideas and theories about this fascinating field of study

The Alignment Steve Scott Sr., 2012-05-10 Map Detailing Ancient Olmec and Maya States that Rimmed the Gulf of Mexico It seems that the human race has an abiding tendency to know what surrounds our often routine mundane lives There is an even greater tendency to involve ourselves in perceived mystery particularly when it involves prophecy and doomsday scenarios The astronomical Alignment on December 21 2012 is just such an event that encompasses all the elements of a great mystery including doomsday prophecy and more The book chronicles what a group of noted scientists say we can expect to happen as the sun and earth align with the center of our own galaxy The reader is cautioned to hold on tight and be mentally prepared for mind bending surprises as a cabal of our best scientific minds slug it out over the portent of the Alignment during a symposium at the Institute for Advanced Study Princeton NJ
