Program Expenses: \$7,520,020

Uk Reporting 2016 Annual Reports

Jennifer Bossard

Uk Reporting 2016 Annual Reports:

The Regulation of Internet Pornography Abhilash Nair, 2018-10-26 The regulation of pornography has always been a contentious issue which has sparked wide ranging debates surrounding the acceptability and place of pornography in society The use of the internet to distribute and access pornography has magnified this debate and has presented a number of challenges for the law in terms of effective and proportionate regulation Following unsuccessful attempts by states to transpose traditional laws to cyberspace a new and radical regulatory framework eventually evolved for regulating internet pornography In this process the focus of the law has changed from merely controlling the publication and distribution of obscene material to a model that aims to deter private consumption of illegal content In addition various self and co regulatory initiatives have been introduced with the involvement of non state actors imposing a certain degree of de facto liability on intermediaries all of which raise interesting issues This book examines the relevant regulatory responses to internet pornography with particular reference to the UK but also drawing comparisons with other countries where relevant It argues that the internet has fundamentally and in many ways irreversibly changed the regulation of pornography Classifying internet pornography into three broad categories child pornography extreme pornography and adult pornography the book provides an in depth analysis of the legal issues involved in regulating internet pornography and argues that the notions of obscenity and indecency on their own will not provide an adequate basis for regulating online pornography The book identifies the legitimising factors that will lend credibility and normative force to the law in order to successfully regulate pornography in cyberspace It is the only comprehensive text that rigorously addresses the regulation of internet pornography as a whole and offers valuable insights that will appeal to academics students policy makers and those working in the areas of broader internet governance and online child protection

The Field of Human Trafficking Jennifer Bossard, 2023-11-14 This book expands on the present state of human trafficking research It presents contributions from leading researchers across the globe who gathered at the inaugural International Conference on Human Trafficking Research ICHTR held at Creighton University in Omaha Nebraska USA in May of 2019 This insightful volume highlights the diversity of scholarly work and perspectives presented at the conference showcasing a variety of topics methodologies geographies and populations Chapters cover topics such as trafficking in higher education trafficking of men and trafficking terminology among others The authors use different methodologies for their studies including interviews secondary data and Community Based Participatory Action Research Different geographic areas are also represented including populations in the United States and Ethiopia The Field of Human Trafficking Expanding on the Present State of Research will be a key resource for academics researchers and advanced students of criminology and criminal justice law public policy law enforcement public affairs and government research methods and sociology This book was originally published as a special issue of Journal of Human Trafficking

Corporate Whistleblowing Regulation Sulette Lombard, Vivienne Brand, Janet

Austin,2020-01-09 This book adopts a cross jurisdictional perspective to consider contemporary corporate whistleblowing issues from an ethical theoretical perspective regulatory perspective and practical perspective It includes in particular arguments in favour of and against the adoption of financial incentive schemes for whistleblowers as well as the potential implications of adopting such schemes This approach provides a valuable opportunity for comparison from a law reform perspective The book brings together authors from various jurisdictions Canada Australia and the USA who through their exposure to this area of law be it as practitioners regulators or academics offer valuable and interesting insights on the emerging and topical area of corporate whistleblowing generally and whistleblowing rewards in particular These three jurisdictions were selected on the basis of their reform oriented stance on corporate whistleblowing and or implementation of financial incentives for whistleblowing creating an opportunity to assess contemporary regulatory structures and in particular how incentives measures could interact with corporate whistleblowing regulatory frameworks and how they could contribute to improved governance The reasons for the rejection of the notion of financial incentives in the United Kingdom are also reviewed in order to provide a comparative overview The book provides useful guidance for those who may be affected by the implementation of corporate whistleblowing schemes including for reward whether as regulators

practitioners company directors or whistle blowers The Space Economy in Figures How Space Contributes to the Global Economy OECD,2019-07-05 The space economy is expanding and becoming increasingly global driven by the development of ever more governmental space programmes around the world the multiplication of commercial actors in value chains durable digitalisation trends and new space systems coming of age This report describes these emerging trends using new and internationally comparable data and indicators **Topical Issues of Rational Use of Natural Resources, Volume 2**

Litvinenko,2022-07-30 Topical Issues of Rational Use of Natural Resources 2019 contains the contributions presented at the XV International Forum Contest of Students and Young Researchers under the auspices of UNESCO St Petersburg Mining University Russia 13 17 May 2019 The Forum Contest is a great opportunity for young researchers to present their work to the academics involved or interested the area of extraction and processing of natural resources The topics of the book include Volume 1 Geotechnologies of resource extraction current challenges and prospects Solid minerals mining technologies Industrial and labour safety Underground space development technologies Rock mechanics and control of rock conditions Cutting edge technologies of geological mapping search and prospecting of mineral deposits Digital and energy saving technologies in mineral resource complex Volume 2 Breakthrough technologies of integrated processing of mineral hydrocarbon and technogenic raw materials with further production of new generation materials The latest management and financing solutions for the development of mineral resources sector Environment protection and sustainable nature management New approaches to resolving hydrocarbon sector specific issues Topical Issues of Rational Use of Natural Resources 2019 collects the best reports presented at the Forum Contest and is of interest to academics and professionals involved in the extraction and processing of natural resources *Annual Report EIB Group,2008* **Innovation and**

Leadership in the Public Sector Mahmoud Moussa, Leonie Newnham, Adela McMurray, Nuttawuth Muenjohn, 2022-09-30 Using empirical data this book uniquely presents the dynamics of innovation within public sector organisations and identifies the most crucial factors that promote innovation or the determinants that enhance innovation activities It presents a macro and micro analysis of workplace innovation in the Australian public sector written by a combination of practitioners and academics to provide both theoretical and practical insights The book reviews the relationship between culture and workplace innovation as a multi dimensional subjective and context specific phenomenon operating dynamically as organisational innovation organisational climate for innovation team and individual innovation It identifies a variance in the perception of workplace innovation and organisational culture between public sector employees with different demographic and employment characteristics The demographic and employment characteristics confirm that employees in a Public Sector Department of State exhibit significant differences between various groups in how culture impacts on workplace innovation This knowledge assists practitioners in developing positive cultural environments that support the development of workplace innovation and raise awareness in considering the differences within organisations caused by an individual s characteristics Lastly the book reviews public organisations around the world and provides a cross cultural comparison of public sector innovation and leadership This includes a review of the major forms of public sector systems in operation and how this relates to innovation and leadership Innovation and Leadership in the Public Sector is written for academics and students interested in the public sector innovation field It s suitable for both graduate and undergraduate students and researchers in the fields of public administration management policy organisational behaviour human resources management HRM and

human resources development HRD courses Additionally this book is suitable for middle to senior level administrators or managers who wish to develop more innovative public sector organisations

The Political Economy of State Intervention Gavin Poynter, 2020-11-25 Both the exponents and critics of neoliberalism assert the dominance of market forces in western nations The Political Economy of State Intervention calls this into question Through a re examination of state intervention in the USA and Britain over the course of the long depression 1970 to date this book argues that the state has performed an increasingly significant role in conserving capital propping up an economic and social order that has lost its productive dynamism The specific forms of capital s dependency on the state may vary however the underlying weaknesses of mature western economies have prompted new forms of state intervention narrowly aimed at conserving capital especially in the wake of the financial crisis The chapters consider factors which are usually posited as explanations for the long depression such as oil price shocks domestic conditions and technological innovation The work argues that the consensus view of neoliberalism has served to underplay the significance of the state s role in failing to lift this long depression in several ways it has lent a greater ideological coherence to the policies pursued by successive governments than they deserve the state has been less subordinate to the market than is usually claimed and more often its maker and there has been a significant growth in jobs located in the private sector that are funded by public money The cumulative effect of this is a narrowing of the state s purpose to conserving capital a role which has contributed to its loss of authority as an institution that claims to represent society as a whole It is theorised that this in turn has led to the insecurities of the existing political order and the rise of populism This book will be of great interest to students and scholars of political economy public policy political theory economics and sociology

Marketing and Globalization Aurélia Durand, 2018-07-17 This concise text focuses squarely on the issues facing marketers in an increasingly global world It identifies several trends linking them together and positioning them as marketing practices that companies implement as a way of responding to the major consequences of globalization The book also includes case studies to illustrate new practices and allow students to discuss issues of market selection entry modes segmentation targeting and positioning as well as product price distribution promotion and corporate communication policies in a globalized world Durand s unique approach moves beyond marketing management and strategy issues and provides students with the broader context to understand the marketing practices they ll use in the real world This book will prove to be an essential resource for any student of marketing and international business working to stay ahead in an increasingly competitive and global industry
