Historia de las mujeres en España Josefina Cuesta Bustillo,2003 La obra es una mirada renovada sobre todo un siglo sobre el papel de las mujeres en la evolución y transformación de la sociedad española Está concebida desde un enfoque de género por tanto no excluyente con respecto a los hombres hasta entonces protagonistas absolutos de la historia sino construida desde la perspectiva y vivencias de las mujeres Estos cuatro volúmenes responden a una idea global en la que cada etapa está enlazada con las otras en un intento de vincular el presente con el pasado

Facing Fascism Peter N. Carroll,James D. Fernandez,2007-03-01 When the Spanish Civil War began in 1936 loosely affiliated groups of writers artists and other politically aware individuals emerged in New York City to give voice to anti fascist sentiment by supporting the Spanish Republic Facing Fascism New York and the Spanish Civil War examines the participation of New Yorkers in the political struggles and armed conflict that many historians consider a critical precursor to World War II Nearly half of the 2 800 Americans who volunteered to fight in the Abraham Lincoln Brigade against Generalissimo Francisco Franco came from the New York area Fundraising propaganda and deployment for anti fascists everywhere in America were orchestrated through New York City At the same time powerful voices in New York expressed sympathy for the pro fascist side The fighting in Spain brought to the surface the complex ideological and ethnic identities always present in New York politics Facing Fascism examines the full range of this experience including that of the New Yorkers who supported Franco It addresses the role of doctors nurses and social workers who left New York hospitals to provide assistance to the defenders of the Spanish Republic as well as those who remained active on the home front The book also describes the involvement of students in the war the key role of writers and the media and the contributions made by members of New York's art and theater communities Facing Fascism also serves as the catalog to an exhibition of the same name appearing at the Museum of the City of New York in the spring of 2007 The book and exhibition both make use of the Abraham Lincoln Brigade Archives extensive holdings which range from historical documents to video recordings of oral histories Numerous other libraries archives museums and private collectors have also been consulted to make this the most complete exhibition of its kind ever mounted The exhibition will also appear in Spain

Investigar el papel protagonista de las mujeres en la Segunda República es una operación científica esencial para entender la modernización de España. Las diversas leyes que fueron aprobadas en este periodo dieron la oportunidad a las mujeres de tomar las riendas de la acción ciudadana con lo que transgredían el espacio masculino y se convertían en sujetos conscientes con responsabilidad en los asuntos públicos. En este libro aparece la experiencia cívica de muchas mujeres votar, manifestarse en la calle o dar mítines electorales como ciudadanas, ser diputada o alcaldesa, disfrutar del seguro de maternidad, conseguir la tutela de los hijos o el divorcio, acceder a nuevos oficios monopolizados hasta entonces por los hombres.
