Gore Vidal's Historical Novels and the Shaping of American Political Consciousness Stephen Harris,2005 As a writer of sophisticated historical fiction satirical fantasies and incisive essays on the political and cultural condition of America Gore Vidal s reputation is well established This study explores Gore Vidal s use of classical scepticism in his historical novels and in his politics While a great deal has been written about Vidal there has not yet been published a serious analysis of his philosophical approach to the reading and interpretation of history and how this in turn informs the writing of his historical fiction What this study offers is a full understanding of how Vidal s sceptical and dissenting views reflect the mind of a politically committed and serious thinker and in turn how these views directly inform the creation of a body of writing that is as intellectually challenging as it is engagingly varied in form and character *Maximum Rocknroll* ,2003
