Unceasing Worship Harold M. Best, 2009-08-20 Harold M Best casts a holistic vision for worship that transcends narrow discussions of musical style or congregational preference corrects errors in how Christians have viewed the arts and misunderstandings about the use of music and offers instead a more biblically consistent approach to artistic action *The Influence of Harold Best's Music Through the Eyes of Faith and Unceasing Worship on Select Worship Authors and Educators* Elissa Hope Keck Hodge, 2020 This dissertation examines the impact of Harold Best's *Music through the Eyes of Faith* 1993 and *Unceasing Worship Biblical Perspectives on Worship and the Arts* 2003 on seven representative worship authors and educators Through interviews and close examination of their writings lectures and philosophies the impact of Best's primary arguments is traced His main positions are 1 that human creativity is rooted in the doctrines of common grace and the creation of humankind in the imago Dei 2 that worship which is either biblical or idolatrous is an inherent activity of all humans and 3 that music is amoral a premise upon which he builds his advocacy of musical pluralism in worship and in the Christian life Following the introduction to the research problem in chapter 1 chapter 2 presents an overview of the leading philosophies of music from both secular and Christian thinkers between 1940 and c 1990 as a backdrop against which to view Best's own philosophy of music worship and the arts A survey of the evangelical worship landscape is offered in chapter 3 highlighting major changes in worship philosophy and praxis in the 1940s on through the 1990s Chapter 4 contains a professional biography of Best noting specific experiences that influenced the development and articulation of his thought with reference to Nyack College Wheaton College the National Association of Schools of Music colleagues and his work as a composer An exposition and critique of Best's books is offered in chapter 5 Through interviews and close examination of their writings chapter 6 traces the impact of Best's books on seven representative worship authors and educators Bob Kauflin Barry Liesch David Music Michael Card Mike Cospers D Clark Measels and Joseph Crider Chapter 7 concludes the dissertation summarizing the main areas of Best's impact

Visual Arts in the Worshiping Church DeBoer, 2016 Although numerous studies have examined biblical and theological rationales for using the visual arts in worship this book by Lisa J DeBoer fills in a piece of the picture missing so far the social dimensions of both our churches and the various art worlds represented in our congregations The first part of the book looks at Orthodoxy Catholicism and Protestantism in turn including case studies of specific congregations showing how each tradition's use of the visual arts reveals an underlying ecclesiology DeBoer then focuses on six themes that emerge when Orthodox Catholic and Protestant uses of the visual arts are examined together the arts as expressions of the church's local and universal character the meanings attributed to particular styles of art for the church the role of the arts in enculturating the gospel and more DeBoer's *Visual Arts in the Worshiping Church* will focus and deepen the thinking of pastors worship leaders artists students and laypeople regarding what the arts might do in the midst of their congregations
