Jamie LaRue's book is at times intellectually and emotionally challenging like all of the best books should be. R. Alan Brooks, Comics Creator and Professor, Professor of Graphic Narrative, Regis University. In America today, more books are being banned than ever before. This censorship is part of a larger assault on such American institutions as schools, public libraries, and universities. In *On Censorship: A Public Librarian Examines Cancel Culture in the US*, respected long-time public librarian James LaRue issues a balanced and reasonable call to action for all citizens. LaRue, who served as director of the American Library Association's Office for Intellectual Freedom and executive director of the Freedom to Read Foundation, highlights the dangers of book banning and censorship in our public and educational spaces. Synthesizing his more than twenty-five years of experience on the front lines of these issues, he takes the reader through attempts he encountered to remove or restrict access to ideas while placing the debate in the greater context about the role of libraries and free expression in a democratic society. LaRue covers topics such as The role of the library in American culture and community, The consequences of cancel culture, Seven

things citizens can do to quell book banning and censorship attempts By examining past efforts at censorship and their dangerous impacts LaRue asks the reader to reflect on how those times are not so different from today This book is essential reading for all those who believe in free expression who support libraries and who cherish the central freedoms that American democracy represents

Suburgatory Linda Keenan, 2012-09-04 Suburgatory lampoons the absurdities and contradictions that Linda Keenan has witnessed since leaving New York City where she was a thoroughly urban CNN news producer for seven years and settling down as a hapless stay at home suburban mother The original proposal for this book was picked up by Warner Brothers and you can see their imagining of Suburgatory on the ABC show of the same title Keenan was forced by the man in her life to leave her beloved New York City for a supposed suburban utopia Instead she found herself trapped in a place where conformity is king and where she often felt like she had been taken hostage by an adult Girl Scout troop So Keenan decided to train her twisted reporter's eye on the strange inhabitants of this new foreign land Thought of as a local town newspaper or website Suburgatory excoriates through satirical local news stories the mostly upper middle class American pieties and parenting obsessions targeting the all around bad behavior raging underneath the surface of those obsessively tended suburban lawns and bikini lines

A Multimodal Approach to Challenging Gender Stereotypes in Children's Picture Books A. Jesús Moya-Guijarro, Eija Ventola, 2021-11-09 This collection offers a thorough treatment of the ways in which the verbal and visual semiotic modes interrelate toward promoting gender equality and social inclusion in children's picture books. Drawing on cutting edge theoretical work in multimodality including multimodal cognitive linguistics, multimodal discourse analysis and visual social semiotics, the book expands on descriptive oriented studies to offer a more linguistically driven perspective on children's picture books. Out of the Gutters Jorge J. Santos, Patrick S. Lawrence, 2025-06-10 Comics have long been a subject of moral panics, no doubt thanks to their in your face illustrations and their association with young readers. Indeed, the politicians and parents behind today's book banning campaigns reserve special ire for graphic novels. What makes today's controversies different is the content of the alleged obscenity. Instead of targeting sex as such, censors now focus on affirmations of nonheteronormative identity as in Maia Kobabe's *Gender Queer*. And while violence is a constant in comics stories that acknowledge nationalist oppression and violence such as Art Spiegelman's *Maus* are also being blacklisted. *Out of the Gutters* assembles scholars from diverse disciplines to examine US comics, graphic novels and cartooning that have been challenged as obscene or transgressive. Covering well known underground figures like Robert Crumb and Charles Burns, newcomers such as C. Spike Trotman and Emil Ferris and mainstream creators including Chris Claremont and Archie Goodwin, the collection explores the market economics of transgression, historical representations of

graphic violence the ever changing meaning of pornography sex positive comics by BIPOC authors and queerness in pop culture mega properties like X Men and The Walking Dead
