The Eurasian Robby Charters, 2014-01-09 The world of the late 21st century is divided between Greater China the Western Block the Islamic Block and the Southern Free States of Africa and South America The Western Block is dominated by the multinational corporations who have created a paradise for its citizens so everyone thinks Mickey O'Brien is the Eurasian half Asian and half Irish He has a problem with that because all his friends are fully Asian However no one has actually met each other only their virtual projected images they show on their on line classroom environment He and his classmates meet each other for the first time as they go on a class trip to America It turns out they all had things to hide In America they accidentally discover what the Multinationals have been trying to hide Their hover van is hijacked and they are left trapped in the great American outback a vast area of what was once U S A now divided between countless republics Some are Nazi some are militant Christian and other redneck cowboy states some Native American Nations Mafia kingdoms etc etc The wild west is again wild Once having stumbled in can they ever find their way out again It's a story of finding out what's real and discovering true faith as they become involved in an espionage war trying to prevent a Nazis takeover
