Paddick, Sarabajita Singha, 1915 *Back to the Land* Dona Brown, 2011-06-01 For many going back to the land brings to mind the 1960s and 1970s hippie communes and the Summer of Love The Whole Earth Catalog and Mother Earth News More recently the movement has reemerged in a new enthusiasm for locally produced food and more sustainable energy paths But these latest back to the landers are part of a much larger story Americans have been dreaming of returning to the land ever since they started to leave it In *Back to the Land* Dona Brown explores the history of this recurring impulse Back to the landers have often been viewed as nostalgic escapists or romantic nature lovers But their own words reveal a more complex story In such projects as Gustav Stickley's Craftsman Farms Frank Lloyd Wright's Broadacre City and Helen and Scott Nearing's quest for the good life Brown finds that the return to the farm has meant less a going backwards than a going forwards a way to meet the challenges of the modern era Progressive reformers pushed for homesteading to help impoverished workers get out of unhealthy urban slums Depression era back to the landers wary of the centralizing power of the New Deal embraced a new third way politics of decentralism and regionalism Later still the movement merged with environmentalism To understand Americans response to these back to the land ideas Brown turns to the fan letters of ordinary readers retired teachers and overworked clerks recent immigrants and single women In seeking their rural roots Brown argues Americans have striven above all for the independence and self sufficiency they associate with the agrarian ideal Best Books for General Audiences selected by the American Association of School Librarians Ink Trails II Dave Dempsey, Jack Dempsey, 2016-03-01 From authors of bodice rippers and gallant figures to hometown poetry hearty men and tales of American originals the history of literature in Michigan is deep and rich The Wolverine State has been the birthplace home and inspiration to a tremendous number of men and women of letters both the well known and the obscure Ink Trails II tells the stories of these fascinating and diverse writers whose talent is inextricably linked to Michigan Exploring the hidden treasures of otherwise forgotten authors while also acknowledging the Michigan set stories of giants like Hemingway Dave and Jack Dempsey delve into the state's literary heritage as robust diverse and inexhaustible as the natural beauty of the place that nurtured it This second volume of ink trails continues to tell the story of the remarkable writers powerful words and sublime nature of Michigan in the same well researched and entertaining prose as the first **Negotiating in the Press** Joseph R. Hayden, 2010 Negotiating in the Press presents an engaging analysis of diplomacy and the press in the aftermath of WWI Rather than revisiting the story of lost journalistic freedom it describes the press's newfound power in the war's aftermath a seminal moment when journalists discovered their ability to help broker peace deals By challenging the

assumption that the press was peripheral to the quest for peace Hayden demonstrates that journalists instead played an integral part in the talks Negotiating in the Press offers a fresh look at the dawn of public diplomacy when leading nations and the press democratized foreign policy **Catalog of Copyright Entries.
