Altschuler, Jaclyn Schildkraut, 2019-10-16 *Lights Camera Execution Cinematic Portrayals of Capital Punishment* fills a prominent void in the existing film studies and death penalty literature Each chapter focuses on a particular cinematic portrayal of the death penalty in the United States Some of the analyzed films are well known Hollywood blockbusters such as *Dead Man Walking* 1995 others are more obscure such as the made for television movie *Murder in Coweta County* 1983 By contrasting different portrayals where appropriate and identifying themes common to many of the studied films such as the concept of dignity and the role of race and racial discrimination the volume strengthens the reader's ability to engage in comparative analysis of topics stories and cinematic techniques Written by three professors with extensive experience teaching and writing about the death penalty film studies and criminal justice *Lights Camera Execution* is deliberately designed for both classroom use and general readership

The Death Penalty Roger Hood, Carolyn Hoyle, 2015-01-08 The fifth edition of this highly praised study charts and explains the progress that continues to be made towards the goal of worldwide abolition of the death penalty The majority of nations have now abolished the death penalty and the number of executions has dropped in almost all countries where abolition has not yet taken place Emphasising the impact of international human rights principles and evidence of abuse the authors examine how this has fuelled challenges to the death penalty and they analyse and appraise the likely obstacles political and cultural to further abolition They discuss the cruel realities of the death penalty and the failure of international standards always to ensure fair trials and to avoid arbitrariness discrimination and conviction of the innocent all violations of the right to life They provide further evidence of the lack of a general deterrent effect shed new light on the influence and limits of public opinion and argue that substituting for the death penalty life imprisonment without parole raises many similar human rights concerns This edition provides a strong intellectual and evidential basis for regarding capital punishment as undeniably cruel inhuman and degrading Widely relied upon and fully updated to reflect the current state of affairs worldwide this is an invaluable resource for all those who study the death penalty and work towards its removal as an international goal

The Law-dictionary: Explaining the Rise, Progress and Present State of the British Law Thomas Edlyne Tomlins, 1820

John Paul Stevens Bill Barnhart, Gene Schlickman, 2010-04-21 During Justice Sonya Sotomayor's 2009 confirmation hearings the idea of biography played a high profile role in the debate How much does a person's experience affect his or her judicial opinions Should personal history be a key consideration when determining qualifications to sit on the highest court in

the land In this impeccably researched book journalist Bill Barnhart and retired lawyer and former legislator Gene Schlickman paint a detailed portrait of Justice John Paul Stevens remarkable life and tenure on the Court Through vivid family history and a careful look at his work on the bench Barnhart and Schlickman offer the first biography of the second longest serving Supreme Court justice of the modern era one who has proudly earned the title of the Court s most prolific dissenter To provide a nuanced and multifaceted look at the justice Barnhart and Schlickman interviewed Stevens and an extraordinary number of Stevens friends and family members former clerks current colleagues politicians and court watchers They spoke with such public figures as former President Gerald Ford former Ford chief of staff Donald Rumsfeld and Justice Ruth Bader Ginsburg Interviews with Stevens children and one of his brothers provide personal insights into the man behind the robe Tales of his childhood of growing up in an affluent family in Chicago s Hyde Park neighborhood and of the family business including The Stevens Hotel now the Chicago Hilton and Towers create a rich portrait of the independent man and judge Intimate anecdotes from Stevens former law clerks reveal the lighter side of some of the most serious work in the country Barnhart and Schlickman also give careful consideration to Stevens career They trace his early years as a Chicago lawyer his appointment to the federal appeals bench in Chicago and his ultimate nomination to the Supreme Court by Republican President Ford They examine his best known opinions including his emotional dissents in *Texas v Johnson* and *Bush v Gore* They trace his growth as a molder of Court decisions In an era of an increasingly politicized judiciary the story of Stevens life as a lawyer who joined the bench with no political or ideological baggage is an urgent reminder of the importance of judicial impartiality and the need to cultivate it This vibrant biography will be of interest to those fascinated by the inner workings of the Supreme Court as well as those who simply want to learn more about one of Chicago s favorite sons
