Vatican II The Battle For Meaning:

Vatican II Massimo Faggioli, 2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism This change of pontificate has also nourished the journalistic and political dispute about Vatican II its history and its legacy and not only the historiographical and theological debate But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II The attempt to go beyond the clash of interpretations Vatican II as a rupture in the history of Catholicism on one side the need to read Vatican II in continuity with the tradition on the other is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of clashing interpretations as a tool for understanding the role of the council in present day Catholicism

A Council for the Global Church Massimo Faggioli, 2015 The Second Vatican Council ended in December 1965 but Vatican II is still happening in the global church Catholicism has always had a universal claim but the globalization of Catholicism as a truly world church became part of Catholic theology only thanks to that gathering convoked by Blessed John XXIII of bishops theologians lay observers ecumenical representatives and journalists Vatican II is the most important event in church history after the Reformation and the Counter Reformation and this book demonstrates why it is the key to understanding Catholicism and its inner tensions today

Amoris Laetitia and the spirit of Vatican II Mariusz Biliniewicz, 2018-05-20 *Amoris Laetitia* Pope Francis post synodal exhortation on love in the family turned out to be one of the most controversial documents of the Magisterium of the Catholic Church in recent decades It was published in April 2016 following the two Synods of Bishops on the Family held in 2014 and 2015 The document brought division amongst the Catholic hierarchy theologians and pastors and nearly two years after its publication the exact meaning of the document and its implications for the Church are still a matter of dispute A number of prelates present at the Synods indicated that these gatherings were animated by the spirit of Vatican II This work links the notion of the spirit of Vatican II with *Amoris Laetitia* and it argues that a hermeneutics of interpretation of the Second Vatican Council which focuses on following the spirit of the Council is the hermeneutics which can be and in the future most likely will be the predominant way of interpreting and implementing *Amoris Laetitia* This book aims to provide a contribution to this hotly debated topic in the field of Catholic theology

Discerning Church, A Whelan, Gerard, SJ, 2019 *A Discerning Church* presents a theological model for these changing times It examines the thought of Bernard Lonergan and offers an assessment of the significance of Pope Francis and the church since the Second Vatican Council It then explores major insights and issues such as ecclesial reform globalization and sexuality that will impact the future of the church

Reconciling Theology Paul Avis, 2022-03-31 In *Reconciling Theology*

leading thinker on Anglicanism and ecumenism Paul Avis focuses on the perennial Christian issues of argument debate polemic and conflict on the one hand and dialogue search for common ground working for agreement and harmony on the other Exploring the tension and interaction between them in a range of contexts in modern theology and the Church Avis offers a rigorous but accessible vision of church which moves beyond the usual dichotomy of liberal or orthodox

What are They Saying about Augustine? Joseph T. Kelley, 2014 This book presents an overview of the best of contemporary scholarship on the fourth and fifth century bishop Augustine of Hippo His life his sermons and letters doctrinal writings and pastoral work as well as his own faith and spirituality are reviewed in light of new research This Father of the Church emerges as a dynamic thinker struggling to integrate his Christian faith with the demands of reason and to discern Christian meaning amidst the political and social controversies that plagued the late Roman world The circumstances of his life and the dynamism of his faith are more relevant to the contemporary Christian than one might suspect The early and mid twentieth century saw new scholarly interest in and understanding of Augustine His persistent influence on Christian theology especially in the West was evident mid century at the Second Vatican Council his thought is cited liberally in Council documents Since the Council there has been an explosion in Augustine studies marked largely by the shift from doctrinal to historical approaches and methodologies New appreciations of Augustine s pastoral role have arisen from careful study of his sermons and letters several of which have been rediscovered in the past several decades Controversy about Augustine s teachings on original sin human sexuality and the relationship of church and state continue However contemporary Augustinian scholarship invites a reconsideration of long standing presumptions about Augustine among both those who defend him as well as those who revile him

Engaging with the Hopes of Parishes Brendan Reed, 2018 Catholic institutions today are faced with the challenge of redefining themselves within a context of growing pluralisation and detraditionalisation Following the empirical work on Catholic School identity *Identity in Dialogue* this book attends to the institution of the parish *Engaging with the Hopes of Parishes* offers a theoretical framework for parish life in a new context It introduces a new diagnostic tool the Searching for Parish Engagement Scale and it proposes four models for parish life today the convinced parish the engaged parish the devoted parish and the consumerist parish Brendan Reed is a parish priest in the Archdiocese of Melbourne Australia He is adjunct lecturer at Catholic Theological College University of Divinity

Serving the Body of Christ Irwin, Kevin W., 2021 A careful collection summary and commentary of the church s official teaching on the Eucharist and ordained priesthood from Trent through Pope Benedict XVI with avenues for theological exploration based on it Updated with analyses of documents from Pope Francis

Theology & Catholic Higher Education Faggioli, Massimo, 2024-11-20

The Rising Laity Massimo Faggioli, 2016 This book intends to offer an analysis of the phenomenon of the new ecclesial movements with two different but compatible perspectives historical and comparative The historical perspective is necessary because the phenomenon grew in these last hundred years and a sociological anthropological perspective tends to offer a

nondynamic view of them The comparative perspective Europe USA is necessary because of the global nature of Catholicism and of the international global features of these movements This book is important in the Church of today considering the new emphasis given by pope Francis to the movements in the wider frame of a less institutional and more outward looking Church A special chapter will be devoted to Pope Francis and the movements analyzing the unique aspects of the relationship between the pontificate and the movements and the differences with his predecessors especially John Paul II and Benedict XVI *Correspondence on Church and Religion of William Ewart Gladstone* William Ewart Gladstone,1910 *The Battle for the American Church* George Anthony Kelly,1981 *The Catholic reaction (2 vols.)* John Addington Symonds,1888

The Catholic Encyclopedia Charles George Herbermann,1914 **Readings on the Purgatorio of Dante: Text, translation and commentary, canto XVIII-XXXIII** William Warren Vernon,1889 **Renaissance in Italy** John Addington Symonds,1888 **Catholic Identity and the Laity** Tim Muldoon,2009 This work features original essays which explore the role of the laity within the Catholic Church and the nature of Catholic identity **The Reception of Vatican II** Matthew L. Lamb,Matthew Levering,2017-02-09 From 1962 to 1965 in perhaps the most important religious event of the twentieth century the Second Vatican Council met to plot a course for the future of the Roman Catholic Church After thousands of speeches resolutions and votes the Council issued sixteen official documents on topics ranging from divine revelation to relations with non Christians But the meaning of the Second Vatican Council has been fiercely contested since before it was even over and the years since its completion have seen a battle for the soul of the Church waged through the interpretation of Council documents The Reception of Vatican II looks at the sixteen conciliar documents through the lens of those battles Paying close attention to reforms and new developments the essays in this volume show how the Council has been received and interpreted over the course of the more than fifty years since it concluded The contributors to this volume represent various schools of thought but are united by a commitment to restoring the view that Vatican II should be interpreted and implemented in line with Church Tradition The central problem facing Catholic theology today these essays argue is a misreading of the Council that posits a sharp break with previous Church teaching In order to combat this reductive way of interpreting the Council these essays provide a thorough instructive overview of the debates it inspired
