The Worlds Of Langston Hughes Modernism And Translation In The Americas:

The Worlds of Langston Hughes Vera M. Kutzinski, 2012-10-15 The poet Langston Hughes was a tireless world traveler and a prolific translator editor and marketer Translations of his own writings traveled even more widely than he did earning him adulation throughout Europe Asia and especially the Americas In The Worlds of Langston Hughes Vera Kutzinski contends that for writers who are part of the African diaspora translation is more than just a literary practice it is a fact of life and a way of thinking Focusing on Hughes s autobiographies translations of his poetry his own translations and the political lyrics that brought him to the attention of the infamous McCarthy Committee she shows that translating and being translated and often mistranslated are as vital to Hughes s own poetics as they are to understanding the historical network of cultural relations known as literary modernism As Kutzinski maps the trajectory of Hughes s writings across Europe and the Americas we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored Madrid Havana Buenos Aires Mexico City and of course Harlem The result is a fresh look at Hughes not as a solitary author who wrote in a single language but as an international figure at the heart of a global intellectual and artistic formation

The Poetry of the Americas Harris Feinsod, 2017-09-08 The Poetry of the Americas offers a lively and detailed history of relations among poets in the US and Latin America spanning three decades from the Good Neighbor diplomacy of World War II through the Cold War cultural policies of the late 1960s Connecting works by Martin Ad n Elizabeth Bishop Paul Blackburn Jorge Luis Borges Julia de Burgos Ernesto Cardenal Jorge Carrera Andrade Allen Ginsberg Langston Hughes Jos Lezama Lima Pablo Neruda Charles Olson Octavio Paz Heberto Padilla Wallace Stevens Derek Walcott William Carlos Williams and many others Feinsod reveals how poets of many nations imagined a poetry of the Americas that linked multiple cultures even as it reflected the inequities of the inter American political system This account offers a rich contextual study of the state sponsored institutions and the countercultural networks that sustained this poetry from Nelson Rockefeller s Office of the Coordinator for Inter American Affairs to the mid 1960s avant garde scene in Mexico City This innovative literary historical project enables new readings of such canonical poems as Stevens s Notes Toward a Supreme Fiction and Neruda s The Heights of Macchu Picchu but it positions these alongside lesser known poetry translations anthologies literary journals and private correspondences culled from library archives across the Americas The Poetry of the Americas thus broadens the horizons of reception and mutual influence and of formal historical and political possibility through which we encounter midcentury American poetry recasting traditional categories of U S or Latin American literature within a truly hemispheric vision

Queering Modernist Translation Christian Bancroft, 2020-06-02 Queering Modernist Translation explores translations by Ezra Pound Langston Hughes and H D through the concept of queering translation As Bancroft argues queering translation is an intersectional lens for gleaning identity and socio cultural issues in translation

such as gender sexuality diaspora and race Using theories espoused by Jack Halberstam Jos Esteban Mu oz Elizabeth Grosz Sara Ahmed and Rinaldo Walcott as foundations for his arguments Bancroft demonstrates that queering translation offers more expansive ways of imagining the relationship between translation and the identities cultures and societies that produce them Intervening in new Modernist studies and translation studies Queering Modernist Translation furthers contemporary conversations regarding Modernism and its lasting importance in the twenty first century

Telling America's Story to the World Harilaos Stecopoulos,2022-10-06 Telling America s Story to the World argues that state and state affiliated cultural diplomacy contributed to the making of postwar US literature Highlighting the role of liberal internationalism in US cultural outreach Harilaos Stecopoulos contends that the state mainly sent authors like Ralph Ellison Robert Frost William Faulkner Langston Hughes and Maxine Hong Kingston overseas not just to demonstrate the achievements of US civilization but also to broadcast an American commitment to international cross cultural connection

Those writers cum ambassadors may not have helped the state achieve its propaganda goals indeed this rarely proved the case but they did find their assignments an opportunity to ponder the international meanings and possibilities of US literature For many of those figures courting foreign publics inspired a reevaluation of the scope and form of their own literary projects Testifying to the inadvertent yet integral role of cultural diplomacy in the worlding of US letters works like *The Mansion* 1959 *Life Studies* 1959 *Cultural Exchange* 1961 1967 *Tripmaster Monkey* His Fake Book 1989 and *Three Days Before the Shooting* 2010 reimagine US literature in a mobile global and distinctly political register
