The Yale Building Project The First 40 Years:

The Yale Building Project Richard W Hayes, Richard W. Hayes, 2007 Conceived by architect Charles W Moore and begun in the context of social activism and dramatic institutional change during the 1960s the Yale Building Project has contributed to the education of many of this country's leading architects serving as the model for design build programs at universities nationwide The Yale Building Project The First 40 Years is the first comprehensive history of this important initiative Every year since 1967 graduate students in the Yale School of Architecture have designed and constructed a building for a community based client This book documents each of the projects alongside essays that situate the program in its historical context from students' journeys to rural Appalachia to build community centers and a health clinic to pavilions and recreational structures constructed throughout Connecticut and affordable housing built in New Haven Describing a program that has had a profound effect on American architectural culture this book will serve as a valuable resource for architects historians students and community planners Distributed for the Yale University School of Architecture

Building Histories: the Proceedings of the Fourth Annual Construction History Society Conference James Campbell, Yiting Pan, Nina Baker, Michael Driver, Michael Heaton, Michael Tutton, David Yeomans, Treve Rosoman, 2017 This volume is the fourth in the series Each contains the papers presented at the annual conferences of the Construction History Society This volume contains papers on the history and development of concrete construction on the education of architects on the development of scaffolding and roof construction and much more *Experiential Learning in Architectural Education* Burak Pak, Aurelie De Smet, 2022-08-15 This book is designed to be of interest to many different audiences due to its cross sectoral and transdisciplinary content It will appeal to those within architectural higher education as well as to spatial practitioners students civic and governmental organizations engaged in socio spatial projects The book is 1 an academic source of critical and practice driven knowledge on experiential architectural design learning 2 provides methods for other ways of learning in the form of design build and live projects and 3 offers design inspiration for community engaged spatial practices relevant to both educators and practising architects and designers Revolt and Reform in Architecture's Academy William Richards, 2016-12-01 Revolt and Reform in Architecture's Academy uniquely addresses the complicated relationship between architectural education and urban renewal in the 1960s which paved the way for what is today known as public interest design Through an examination of curricular reforms at Columbia University's and Yale University's schools of architecture in the 1960s this book translates the urban crisis through the experiences of two influential groups of architecture students as well as their contributions to design's lexicon The book argues that urban renewal and campus expansion half a century ago recast architectural education at two schools whose host cities New York and New Haven were critical sites for political social and urban upheaval in America The urban challenges of that time are the same challenges rapidly growing cities face today access equity housing and services As architects architects in training and architecture

students continue to wrestle with questions surrounding how design may serve a broadly defined public interest this book is a timely assessment of the forces that have shaped the debate The Design-Build Studio Tolya Stonorov, 2017-09-20 The Design Build Studio examines sixteen international community driven design build case studies through process and product with preceding chapters on community involvement digital and handcraft methodologies and a graphic Time Map Together these projects serve as a field guide to the current trends in academic design build studios a window into the different processes and methodologies being taught and realized today Design build supports the idea that building making and designing are intrinsic to each other knowledge of one strengthens and informs the expression of the other Hands on learning through the act of building what you design translates theories and ideas into real world experience The work chronicled in this book reveals how this type of applied knowledge grounds us in the physicality of the world in which we live

DesignBuild in Postcolonial Contexts: A Critical Interrogation Vera Simone Bader, In diesem Buch betrachten neun Autorinnen die Lernmethode DesignBuild im postkolonialen Kontext Anhand konkreter Beispiele wird die handlungsorientierte Vorgehensweise kritisch hinterfragt und evaluiert Dabei liegt ein Fokus auf den Auslandseinsätzen europäischer und US-amerikanischer Studierender die in fremden Kulturen ihr frisch erworbenes Wissen aktiv einsetzen Es werden aber auch Projekte von Studierenden aus Lateinamerika Asien und Afrika dokumentiert und analysiert die diese Methode als Experimentierfeld nutzen um normative Regeln die häufig noch heute von der Kolonisierung geprägt sind in Frage zu stellen Design/Build with Jersey Devil Charlie Hailey, 2016-07-19 Steve Badanes Jim Adamson and John Ringel believe an architect's job does not stop at designing a building but that it extends to constructing it as well Now working into their fifth decade Jersey Devil the loose knit group they founded in 1972 bands together under this design build ethos that an architect's place is just as much on the job site as it is at the drawing board The trio pioneered design build practice and their influence has spawned more than one hundred design build programs Jersey Devil's process and expertise are unpacked in this Architecture Brief providing students and teachers with a toolkit for design build education Through stories didactic commentary and sample exercises the Design Build complements nuts and bolts content with Jersey Devil's philosophy and perspective allowing the book to impart practical instruction while acting as a valuable guide for navigating the elusive challenges of design build Themes touch on socially responsible architecture intuition and intentionality detailing and fostering craftsmanship group work and collaboration off the shelf components and nonstandard applications educational reform ethos and risk good life and play the politics of building and university community relations *Architect*, 2007
