Theatre and Globalization Mark Ravenhill, Dan Rebellato, 2009-06-02 What is globalization What role is there for the theatre in a globalizing world This original and provocative book explores the contribution that theatre has made to our slowly evolving consciousness of our world as a whole Drawing on sources from Aeschylus to The Lion King Chekhov to Complicite tragedy to advertising the book argues for theatre's importance as a site of resistance to the ruthless spread of the global market Foreword by Mark Ravenhill

Theatre and Globalization Patrick Lonergan, 2009-01-15 WINNER OF THE 2008 THEATRE BOOK PRIZE Globalization is transforming theatre everywhere As writers seek to exploit new opportunities to produce their work internationally audiences are seeing the world and the stage differently And as national borders became more fluid the barriers between economics and culture are also becoming weaker In this groundbreaking study Patrick Lonergan explores these developments placing them in the context of the transformation of Ireland the most globalized country in the world since the early 1990s Drawing on archival material that has never before been published this study sheds new light on the culture of Celtic Tiger Ireland focusing on such writers as Brian Friel Sean O'Casey Marie Jones Martin McDonagh Marina Carr and Conor McPherson In doing so it shows how globalization poses difficult questions for authors and audiences and reveals how we can begin to come to terms with these new developments

Theatre, Globalization and the Cold War Christopher B. Balme, Berenika Szymanski-Düll, 2017-06-05 This book examines how the Cold War had a far reaching impact on theatre by presenting a range of current scholarship on the topic from scholars from a dozen countries They represent in turn a variety of perspectives methodologies and theatrical genres including not only Bertolt Brecht Jerzy Grotowski and Peter Brook but also Polish folk dancing documentary theatre and opera production The contributions demonstrate that there was much more at stake and a much larger investment of ideological and economic capital than a simple dichotomy between East versus West or socialism versus capitalism might suggest Culture and theatrical culture in particular with its high degree of representational power was recognized as an important medium in the ideological struggles that characterize this epoch Most importantly the volume explores how theatre can be reconceptualized in terms of transnational or even global processes which it will be argued were an integral part of Cold War rivalries

The Politics of Cultural Practice Rustom Bharucha, 2000-10-27 Refuting the notion that the West is everywhere Rustom Bharucha draws on the emergent cultures of secular struggle in contemporary India to engage with the volatile global issues of intellectual property rights cultural tourism and the marking of minorities on the basis of religion caste language gender and sexuality

David Greig's Holed Theatre Verónica Rodríguez, 2019-02-09 With a Foreword by Dan Rebellato this book offers up a detailed exploration of Scottish playwright David Greig's work with particular attention to globalization ethics and the spectator It makes the argument that Greig's

theatre works by undoing cracking or breaking apart myriad elements to reveal the holed porous nature of all things Starting with a discussion of Greig s engagement with shamanism and arguing for holed theatre as a response to globalization for Greig s works politics of aesthetics and for the holed spectator as part of an affective ecology of transfers this book discusses some of Greig s most representative political theatre from Europe 1994 to The Events 2013 concluding with an exploration of Greig s theatre s world forming quality Junge jüdische Literatur Thomas Nolden,1995 **Just a Second!** Pete Mullineaux,2014 *The Local Meets the Global in Performance* Pirkko Koski,Melissa Sihra,2010-02-19 This anthology explores the ways in which theatre and performance functions at the interstices of contemporary local and global networks Theatre and performance occurs in time and space and exists between the audience and performer as a communicative event This local world of experience and human interactivity is not easily subsumed by global networks or commercial systems and remains a potent force of expression and at times resistance The volume offers a range of critical viewpoints from which to evaluate the interrelationality of the local and the global such as philosophical cosmopolitanism post colonialism feminism class ethnicity gender and the experience of the diasporic or exilic artist The anthology concludes with a reflection between Janelle Reinelt and Marvin Carlson upon the ideas put forth in the book and the broader connectivities of the local and the global Reinelt and Carlson reveal that these concepts should not be regarded in opposition but rather as entangled something which is reflected in this volume as a whole A number of international productions and performance practices are discussed from diverse geographical and cultural perspectives illuminating the complexity of the local and the global As Reinelt suggests The global local category as a hyphenated concept has become a slogan now a clich even It first arose because the local was supposed to save the global from totalisation but in fact the global local concept became in reality so complex that this opposition was not useful anymore Carlson s and Reinelt s engagement with the essays and with the broader issues of the global and the local marks an important intervention into how we process experience through theatre and performance in the world today Contributors include Marvin Carlson Shams Eldin Lynette Hunter Pirkko Koski Yana Meerzon Yasushi Nagata Janelle Reinelt Heike Roms Nehad Selaiha Melissa Sihra Juha Sihvola Joanne Tompkins Denise Varney and Farah Yeganeh **Globalization, History, Historiography** Rakesh H. Solomon,2010-02 Globalization History Historiography The Making of a Modern Indian Theatre analyzes the cultural impact of globalization s economic historical and political processes on the making of the modern Indian theatre In so doing the book wrestles with such matters as imperialism and Orientalism colonial knowledge and historiography metropolitan elite and regional folk popular cultures Hindu and Islamic fundamentalisms transnational flows of ideologies of liberal democracy and modernity historiographies of nation formation and nationalist and nativist movements *Theatre and Travel* Fiona Wilkie,2023-09-21 What is the relationship between touring and other kinds of theatre work How should theatre circulate and how are we to understand this circulation What impact do tour routes have beyond the dissemination of what is on stage Whose travel stories are told

within the theatre and by whom This concise study argues that we should pay more attention to how why and where theatre travels Moving away from prevailing metaphors of strolling players and the circuit this volume examines in more detail what theatre is doing when it tours and why it matters Enlivened with a wide range of examples from Ancient Rome to internet livestreams solo tours to national theatres and Shakespeare to post apocalyptic fiction Theatre Travel distinguishes between different versions of theatre touring to uncover both the possibilities and the inequalities that it entails Proposing that travel is central to our understanding of theatre the book asks what changes might need to happen to enable theatre to travel better in the world

The Cultural Revolution of the Nineteenth Century Márcia Abreu, Ana Cláudia Suriani da Silva, 2015-10-23 The beginnings of what we now call globalization dates from the early sixteenth century when Europeans in particular the Iberian monarchies began to connect the four parts of the world From the end of the eighteenth and throughout the nineteenth centuries technical advancements such as the growth of the European rail network and the increasing ease of international shipping narrowed the physical and imagined distances between different parts of the globe Books printed matter and theatrical performances were a crucial part of this process and the so called long nineteenth century saw a remarkable increase in readership and technological improvements that significantly changed the production of printed matter and its relationship with culture This book analyzes this sea change in

knowledge and sharing of ideas through the prism of the transatlantic diffusion of French Brazilian Portuguese and English print cultures In particular it charts the circulation of printed matter publishers booksellers and actors between Europe and South America Featuring a new original essay from Roger Chartier The Cultural Revolution of the 19th Century is an essential new benchmark in global and transnational history Theatre, Globalization and the Heteroglobal Method Glenn Odom,2026-02-20 A bold new framework for global theatre rooted in local philosophies and connected through a heteroglobal vision Theatre Globalization and the Heteroglobal Method offers a groundbreaking framework for rethinking global theatre studies Drawing on philosophy and scholarship from major theatre traditions South Africa the United States the United Kingdom China Japan and Nigeria the volume reimagines how performance circulates and transforms in a global context Challenging the dominance of Eurocentric models in postcolonial studies comparative literature and world theatre the book introduces the heteroglobal method an adaptable equitable approach that begins with local theoretical and philosophical frameworks before bringing them into dialogue These imagined centers each with its own rich discursive heritage become sites of knowledge exchange where fresh understandings of art and globalization emerge Through a theoretically pluralistic matrix of comparison and interculturalism Theatre Globalization and the Heteroglobal Method documents contemporary scholarly and artistic practices across diverse cultural landscapes offering a new model for teaching research and performance in an interconnected world **Performance and the Global City** D.
