Theology Of The Old Testament:

Theology of the Old Testament Walter Brueggemann, 2012-06-01 In this powerful book Walter Brueggemann moves the discussion of Old Testament theology beyond the dominant models of previous generations Brueggemann focuses on the metaphor and imagery of the courtroom trial in order to regard the theological substance of the Old Testament as a series of claims asserted for Yahweh the God of Israel This provides a context that attends to pluralism in every dimension of the interpretive process and suggests links to the plurality of voices of our time *An Old Testament Theology* Bruce K. Waltke, 2007 An Old Testament theology by a leading Old Testament scholar who combines a technical with a spiritual understanding of the Old Testament Theology of the Old Testament Walther Eichrodt, 1961-01-01 This book the first of two volumes offers a comprehensive profiling of the theology contained in the Old Testament The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing *Toward an Old Testament Theology* Walter C. Kaiser, 1991 Exploring the difficulty in determining the true nature method scope and motivation for Old Testament theology this book proposes the promise of God as the center of Old Testament theology and applies the solution to each of its eras *Theology of the Old Testament* David Francis Hinson, 2001 David Hinson's Theology of the Old Testament is the third and final volume of his Old Testament Introduction Since it was first published it has become widely used and appreciated This new edition is thoroughly revised and updated to take account of developments in biblical scholarship and changes in the modern world Theology of the Old Testament reminds us that all that happened in Old Testament was a preparation for Christ and shows how the study of Old Testament theology helps us to understand the New Testament more clearly and benefit more fully from God's revelation The text includes topics for discussion and study questions Introduction to Old Testament Theology John H. Sailhamer, 2010-12-21 The author's purpose for Introduction to Old Testament Theology is to show how different approaches to the Old Testament can be brought together into a single theology The author develops his own distinctive approach which he calls canonical theology The Concept of Biblical Theology James Barr, 2009-12-01 A major overview and provocative analysis from a premier Old Testament scholar Theology of the Old Testament Gustav Friedrich Oehler, 1874 **The Task of Old Testament Theology** Rolf P. Knierim, 1995 This prodigious work offers a broad selection of essays that present Knierim's distinct method for the discipline of Old Testament studies One subject deals with the implications of his method for New Testament studies *Old Testament Theology* Ben C. Ollenburger, 2004-06-30 In this extensively revised and updated edition of The Flowering of Old Testament Theology Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been re issued with a new title Old Testament Theology Flowering and Future and is now divided into five convenient sections Part 1 The Background Part 2 Old

 bibliography and indexes of authorities and Scripture references conclude the volume Biblical Theology of the Old
 Testament Revere Franklin Weidner, 1886 *A Theology of the Old Testament* John L. McKenzie, 2009-03-01 By thoroughly
 investigating every aspect of theology to be found in the Old Testament Father McKenzie offers a total theological statement
 of this timeless record The theology of the Old Testament he writes has to be the study of the reality of Yahweh The Old
 Testament is the sole literary witness to that reality as the record of the experience of Israel Seven categories outline the
 book cult revelation history nature wisdom political and social institutions and the future of Israel Together these categories
 provide a pathway to God that is far more complete than that which can be experienced by any individual For McKenzie the
 Hebrew scriptures are to be understood as the independent record of the early Israelite community's experience with God
 rather than as a prelude to or forecast of the New Testament *Old Testament Theology* John Goldingay, 2009-10-26 In this
 third volume of his critically acclaimed Old Testament Theology John Goldingay explores the Old Testament vision of Israel's
 life before God The first volume focused on the story of God's dealings with Israel or Israel's gospel The second volume
 investigated the beliefs of Israel or Israel's faith Now the spotlight falls on the Old Testament's perspective on the life that
 Israel should live in its present and future including its worship prayer and spirituality as well as its practices attitudes and
 ethics before God Goldingay sees three spheres of life giving order to Israel's vision its life in relation to God its life in
 community and the life of the individual as a self Within these frameworks he unfurls a tapestry that is as broad and colorful
 as all of life and yet detailed in its intricate attention to the text With this final volume John Goldingay has given us the third
 pillar of an Old Testament theology that is monumental in scope and yet invites us to enter through multiple doors to explore
 its riches Students will profit from a semester in its courts and ministers of the Word will find their preaching and teaching
 deeply enriched by wandering its halls and meditating in its chambers *Old Testament Theology* Robin
