Think Or Be Eaten Dot Connector Library:

Think or Be Eaten Angie Riedel, 2016-10-29 What a shame that someone out there some group of very strange people have such a strong driving need to destroy mankind to enslave it and humiliate it and teach us all to believe that we have no value and we don't matter and we can't think for ourselves The wars and genocides are all a part of some grotesque greater plan and separating the human being from himself is the beginning and end of hope for our species But we don't have to go along with anything that we know is evil or wrong or destructive We don't have to choose to be devalued and disrespected by anyone who claims to be more important than ourselves We already know that no legitimate being would tell us to be less than we are It's the overt demand that we stop existing That's slow death from the inside out On a vast scale when all of society gets down on its knees to mere men who say they must it is spiritual genocide We are free to stop doing it anytime

Consensus Trance Paul Bondarowski, Walter H. Bowart, H. P. Albarelli Jr., Jerry E. Smith, Jüri Lina, Michael Nield, Ron Patton, Dick Sutphen, Hans Ruesch, Dani Veracity, Walter C. Vetsch, 2016-12-20 Most of us live in consensus trance a state of consciousness produced by ideological blunting of our intellect through intensive manipulation brainwashing which forces us to accept false conception of reality And the worst is that we very rarely know if the thoughts in our head are ours or have been skillfully suggested by someone or something else e.g. subliminals hidden behind music or flashed on a screen so fast that you don't consciously see them or cleverly incorporated into a picture In the entire history of man no one has ever been brainwashed and realized or believed that he had been brainwashed This book is composed of the articles which present the Big Picture of mass and individual mind control and its various techniques **Conquest Through Immigration** George W.

Robnett, 2017-04-23 Crafty politics always gets its main support from people with short memories The purpose of this book is to refresh people's memory and bring certain important and tragic events of modern history into accord with facts The serious study that resulted in this book was inspired by a tour through the Holy Land countries which brought intimate contact with the pitiable spectacle of a million or so Palestinian Arab refugees These people who were once independent self supporting and even prosperous have been dispossessed of their lifetime homes and possessions hopelessly forsaken in primitive and isolated camps scattered around the periphery of their traditional land to which their return is forbidden After talking with many of these refugees it was only natural for an inquiring mind to ask How could this happen in our modern civilized world Why do people in America and Europe know so little about this human calamity for which they are partially responsible Victors' Justice Montgomery Belgion, 2017-03-28 Nothing is to be gained after a war by the punishment of the

vanquished by the victors even if the vanquished have been to blame for the war itself It now seems more probable than ever that for victors to assert after a war the war guilt of the vanquished serves but to disguise the real sources of international disturbance Possibly it is because the western victors in 1919 did not recognize the moral basis of international relations that war returned to Europe and to the world in 1939 Possibly it is because the western victors again in 1945 did not recognize

the moral basis of those relations that the world was treated to the spectacle of victors justice a k a the Nuremberg Trial and one more great war had ended without leading men s feet into the way of peace The Iron Curtain Over America John Beaty,2016-10-13 This book is unique in that it not only discusses the internal decay and the external disasters which threaten the life of American people in fact of ALL the people but diagnoses the growing cancer of which they are merely the symptoms Going behind the iron curtain of propaganda censorship and deception the author former Colonel of the Military Intelligence Service gives to the reader the first comprehensive documented account of the origin the scope and the intentions of the insidious forces working from within which are seeking to destroy Western civilization An honest and courageous dispeller of the fog of propaganda in which most minds seem to dwell Lt General P A Del Valle USMC ret I think it ought to be compulsory reading in every public school in America Senator William A Langer former Chairman Judiciary Committee This book is a magnificent contribution to those who would preserve our American ideals Lt Gen Edward M Almond USA ret **Waldie's Select Circulating Library** ,1838 *Judge's Library* ,1904 **Mortal Ghost** L. Lee Lowe,2008-05-08 It s a fiery hot summer and sixteen year old Jesse Wright is on the run An oddly gifted boy he arrives in a new city where the direction of his life is about to change He s hungry and lonely and desperate and beset by visions of a stranger who is being brutally tortured And then there are Jesse s own memories of a fire **Library of Universal Knowledge** ,1881 The Select Circulating Library ,1838
