Thinking About God Thinking About God:

Thinking About God Brian Davies OP, 2011-01-01 If it is reasonable to believe in God the ways in which God is thought of and spoken of deserve careful attention This book looks carefully at the philosophical implications for thinking and speaking about God the problems that have arisen and still arise and the various solutions that have been proposed In Part One Brian Davies examines the question of the reality of God Do we have reason to believe in God Arguments are discussed based on the beginning of the universe its continued existence the order it exhibits experience of God and the basis of morality Finally the Ontological Argument based on the concept of God is examined Part Two looks at questions raised by what is said about God Is talk about God meaningless If not in what sense can we talk about God What does it mean to say that God is eternal and changeless What does it mean to say that God is omnipotent omniscient omnipresent and good Does the existence of evil invalidate belief in God Part Three considers more precisely Christian belief in God Is there a rational basis for Christianity How does this relate to faith Can we make sense of the doctrines of the Incarnation and the Trinity Is prayer reasonable Throughout the book arguments from all sides are treated readably but rigorously There is generous provision of searching questions for discussion and further reading What Was God Thinking? John D. Edison, 2016-09-26 John Edison provides answers to some questions many Bible students have been struggling with for centuries The key to answering questions about God is often not found until the questioner has learned to trust God above any human wisdom Most Bible answers are at the intersection of God's character the culture when the statement was made and common sense What Was God Thinking clarifies the Gospel God's love plan to save all people from sin God has prepared a home for us in Heaven followed by a return to Earth made new This book explains what it means to be saved by grace and what is involved in living as a person who has accepted all that God's grace has to offer Each chapter of this book deals with an issue of life that affects our relationship with God Each chapter deals with God's love and desire for us to be united with Him **You Only Think God Is Silent** Julie Ann Allen, 2017-06-07 We all have those moments where we encounter pain grief and struggles and wonder why God would allow this We have heard those semitheological platitudes about our struggles and questions Author Julie Ann Allen experienced those when her husband of fourteen years was buried alive on a work site Julie Ann learned what it was to stand at a crossroad generated by tragedy and make a choice That moment was a defining moment in her life She could either ignore God and blame him for the tragedy or rely on God to sustain her transform her and reconstruct her life as she passed through this profound tragedy Julie Ann writes about God's voice provisions and how she eventually chose divine happiness by the hand of God If you have ever asked any of these questions Where was God Why did God allow this Why can't I hear God then reading You Only Think God Is Silent is a wonderful place to discover ways you can turn to God and hear the answers to those questions **A God-Sized Future** Ron Phillips, 2012 The difference between an ordinary and an extraordinary life is the choice to obey God Get ready for a change that brings transformational renewal Think Yourself

The Precious Things Of God Octavius Winslow,2020-03-09 A slight glance at the contents of this volume will convey an idea of its character and design It is intended to be not so much a systematic treatise of theology as the companion in his hours of devotional meditative retirement of the experienced and spiritual Christian The truths which it contains and the style in which they are presented are perhaps more adapted to those peculiar seasons in the Christian experience of the believer in which profound discussion and labored thought would not only be distasteful but out of place Bearing with him the volume in his sequestered walks with God or making it the sharer of his temporary seclusion from the active engagements of life the precious things of God which it unfolds may serve to shed the perfume and the luster of Jesus name and work around his lone and pensive path cheering solitude soothing grief and dissolving doubt depression and gloom Many and costly are the precious things of God not enumerated in this work blessed are they who from the volume of their personal and spiritual experience can complete the catalogue and supply the Author s lack These pages address themselves pointedly and strongly to that essential principle of vital religionthe experimental We really know as much of the gospel of Christ and of the Christ of the gospel as by the power of the Holy Spirit we have the experience of it in our souls All other acquaintance with Divine truth must be regarded as merely intellectual theoretical speculative and of little worth But to apprehend in some measure the value the glory and the preciousness of the Lord Jesus and as a consequence to esteem Him above all good to reflect His image to labor in His service and to be found preparing and waiting for the happy moment described with such exquisite beauty by Doddridge and as he only could portray it That blessed interview how sweet To fall transported at His feet Raised in His arms to see His face Through the full beamings of His grace this this is spiritual LIFE And compared with the heart experience of this when we take a close realizing survey of

eternity all other subjects of study and employments of time appear but solemn trifling with our destiny The Author regrets that to the discussion of themes so transcendently important and precious he should have brought so much human feebleness and infirmity His work planned amid the happy tranquility and repose of a long and warmly attached pastorate and finished amid the scenes of anxiety excitement and toil incident to a new and more extended sphere of ministerial labor has necessarily been exposed to much that was unfavorable to that matured thought careful composition and literary finish which he considers efforts of this kind should possess His hope however is that imperfect as is his production the Divine Spirit may yet deign to bless it to the saving of precious souls give it acceptance with the Church of Christ and use it for the advancement of the cause of God and truth in the world and the glory shall be to the Father and to the Son and to the Holy Spirit three Persons in the One God world without end Amen

Being and God Lorenz B. Puntel, Alan White, 2011 The main thesis of this book is that it is philosophically reasonable intelligible and appropriate to raise questions about God and to provide answers to those questions that are rational only within the framework of a conception of reality or being as a whole

Volume 10: Philosophy of Religion Guttorm Fløistad, 2009-10-31 The present volume is a continuation of the series Contemporary Philosophy As with the earlier volumes in the series the present Chronicles purport to give a survey of significant trends in contemporary philosophy The need for such surveys has I believe increased rather than decreased over the years The philosophical scene appears for various reasons more complex than ever before The continuing process of specialization in most branches the increasing contact between philosophers from various cultures the emergence of new schools of thought particularly in philosophical logic and in the philosophy of language and ethics and the increasing attention being paid to the history of philosophy in discussions of contemporary problems are the most important contributing factors Surveys of the present kind are a valuable source of knowledge of this complexity The surveys may therefore help to strengthen the Socratic element of modern philosophy the intercultural dialogue or Kommunikationsgemeinschaft So far nine volumes have been published in this series viz Philosophy of Language and Philosophical Logic Volume 1 Philosophy of Science Volume 2 Philosophy of Action Volume 3 Philosophy of Mind Volume 4 African Philosophy Volume 5 Medieval Age Philosophy Volumes 6 1 and 6 2 Asian Philosophy Volume 7 Philosophy of Latin America Volume 8 and Aesthetics and Philosophy of Art Volume 9
