[The Secret Strength of Angels](#) Frederic Flach, MD, 2014-09-30 The perfect gift for the Angels in your life A book to be treasured forever Personal protectors divine messengers pure spirit seraphim and cherubim agents of God We all have a notion of what angles are and what they should look like We ve seen angels portrayed in paintings sculpture movies and TV But even with hundreds of books and TV shows on angels is there something about them we ve missed The Secret Strength of Angels is about the remarkable qualities that angels possess and what we humans can do to emulate them in our own lives here on earth What s secret about these virtues is not so much what these angel strengths are but the idea that we can penetrate the shroud of mystery that surrounds them and identify very specific attributes seven in particular that we can make a part of our own personalities once we understand and appreciate them This may come as a surprise to some Even

those of us who do believe in angels have traditionally thought of them as belonging to another realm pure spirit sometimes impish sometimes heroic agents of God our personal protectors We have been encouraged to model ourselves after elders deserving of respect remarkable figures in history saints But this may be the first time that anyone has considered angels themselves as models for human behavior The Secret Strength of Angels reminds us that it is not what angels are that is important but rather what they do Angels travel the world protecting people performing altruistic acts and making life better for those around them In fact there are seven specific strengths that angels exhibit which Dr Flach reveals The freedom to choose The power of knowing Love and generosity Communicating A mission to guide and protect Healing and helping A mission to become a more spiritual person Written with quiet confidence and authority The Secret Strength of Angels provides a unique guide to confronting the day to day in the healthiest manner possible Whether it helps you heal old wounds and change your behavior or merely confirms what you already know The Secret Strength of Angels is thought provoking and interesting and contains a message that can appeal to anyone For every Angel on Earth **Life, Faith and Home** James Henry Potts,1923 **Explanation of Deharbe's small catechism** Jacob Schmitt,1894 A Body of Doctrinal Divinity John Gill,2016-06-14 In this work John Gill argues for the existence and characteristics of the triune God These arguments are all given from a heavily Calvinist perspective but he uses a lot of scripture to back up his claims He also argues that the character of God is shown through his work on Earth by the elect and most importantly through Christ These characteristics then carry on in the final stages of life when human beings pass away and move on to heaven or hell *The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy Volume I: Cosmogogenesis* Helena Petrovna Blavatsky,2018-02-24 The first book in the monumental work of Theosophic thought This book focuses on gaining occult power in the formation of the universe and the cosmos This group sought to learn the secrets of nature science and divinity in order to empower themselves to godhood and this book reveals their secrets as to how knowledge to do this can be attained It does not reveal what the ultimate saving knowledge is that can do this but it gives guidelines on how to start the journey for yourself The Essential LDS Collection William Alexander Linn,John Taylor,Joseph Fielding Smith,Wilford Woodruff,B.
