Women's Movements Joyce Gelb, Ethel Klein, 1988

When Women Invented Television Jennifer Keishin Armstrong, 2021-03-23 New and Noteworthy New York Times Book Review Must Read Book of March Entertainment Weekly Best Books of March HelloGiggles Leaps at the throat of television history and takes down the patriarchy with its fervent inspired prose

When Women Invented Television offers proof that what we watch is a reflection of who we are as a people

Nathalia Holt New York Times bestselling author of *Rise of the Rocket Girls* New York Times bestselling author of *Seinfeldia*

Jennifer Keishin Armstrong tells the little known story of four trailblazing women in the early days of television who laid the foundation of the industry we know today

It was the Golden Age of Radio and powerful men were making millions in advertising dollars reaching thousands of listeners every day

When television arrived few radio moguls were interested in the upstart industry and its tiny production budgets and expensive television sets were out of reach for most families

But four women each an independent visionary saw an opportunity and carved their own paths and in so doing invented the way we watch tv today

Irna Phillips turned real life tragedy into daytime serials featuring female dominated casts

Gertrude Berg turned her radio show into a Jewish family comedy that spawned a play a musical an advice column a line of house dresses and other products

Hazel Scott already a renowned musician was the first African American to host a national evening variety program

Betty White became a daytime talk show fan favorite and one of the first women to produce write and star in her own show

Together their stories chronicle a forgotten chapter in the history of television and popular culture

But as the medium became more popular and lucrative in the wake of World War II the House Un American Activities Committee arose to threaten entertainers blacklisting many as communist sympathizers

As politics sexism racism anti-Semitism and money collided the women who invented television found themselves fighting from the margins as men took control

But these women were true survivors who never gave up and thus their legacies remain with us in our television dominated era

It's time we reclaimed their forgotten histories and the work they did to pioneer the medium that now rules our lives

This amazing and heartbreaking history illustrated with photos tells it all for the first time

Women, Work, and Families Angela Hattery, 2001-01-05

Hattery's book is an important contribution to this literature

The book is engaging and is well written

I would recommend this book and encourage Hattery to continue examination of this construct

Psychology of Women Quarterly

Women Work and Family Balancing and Weaving is a fascinating examination of the extraordinary juggling skills of working mothers who balance their obligations to both work and family

Angela Hattery goes beyond a mere description of women's conflicts of interest and seeks to understand the decision making process through which they accomplish this balancing

Through intensive interviews with 30 married women all with children under 2 years of age Hattery uncovers a remarkable range of ways in which these women weave together the complex strands of their lives

The data in the volume are examined from a number of theoretical standpoints including

structural theory motherhood theory and feminist theory A key variable that runs through the data is economic need which has an obvious effect on work patterns Women Work and Family will make a major contribution to family studies and will illuminate the difficult choices that women make within the family work context TouchPoints of Hope Ronald A. Beers, Sanford Hull, Gilbert Beers, 2003-08 TouchPoints of Hope How should I deal with life's disappointments Can any good come from my suffering This new addition to the popular TouchPoints series addresses these and other questions that afflict everyone at some point The questions are taken from real life the answers come straight from God's word This book makes a great evangelism tool or stocking stuffer
