Pantologia. A New Cyclopaedia, Comprehending a Complete Series of Essays, Treatises and Systems, Alphabetically Arranged; with a General Dictionary of Arts, Sciences, and Words ... Illustrated with ... Engravings

... Encyclopaedias,1813 **Essays on Spinoza's Ethical Theory** Matthew J. Kisner,Andrew Youpa,2014-04 Thirteen original essays by leading scholars explore aspects of Spinoza s ethical theory and in doing so deepen our understanding of the richly rewarding core of his system Given its importance to his philosophical ambitions it is surprising that his ethics has until recently received relatively little scholarly attention Anglophone philosophy has tended to focus on Spinoza s contribution to metaphysics and epistemology while philosophy in continental Europe has tended to show greater interest in his political philosophy This tendency is problematic not only because it overlooks a central part of Spinoza s project but also because it threatens to present a distorted picture of his philosophy Moreover Spinoza s ethics like other branches of his philosophy is complex difficult and at times paradoxical The essays in this volume advance our understanding of his ethics and also help us to appreciate it as the centerpiece of his system In addition to resolving interpretive difficulties and advancing longstanding debates these essays point the direction for future research Spinoza s enduring contribution to the development of ethical theory to early modern philosophy and indeed to early modern history generally provide us with good reason to follow the lead of these essays Bibliotheca Britannica; Or, A General Index to British and Foreign Literature

Robert Watt,1824 *Bibliotheca Britannica; Or a General Index to British and Foreign Literature. By Robert Watt, M.D. in Two Parts: - Authors and Subjects ,1824 Bibliotheca Britannica: Subjects* Robert Watt,1824 **Bibliotheca Britannica** Robert Watt,1824 The American Catalog ,1884 Radical Philosophy of Life Ernst Baasland,2021-01-13 The Sermon on the Mount never ceases to challenge readers in every generation New methods and new insights into new surroundings have to be applied to the most influential speech ever given In this study Ernst Baasland takes a fresh look at the history of research done on it both on its broad influence and on the variety of interpretations The historical questions are seen from new perspectives Is orality the key to a better understanding To what extent can we reconstruct a pre text and the question of authenticity be answered These questions are seen through historiographical lenses The author argues in favour of a universal addressee and maintains that the speech contains radical philosophical thinking The first audience consisted of Jews and the religiously based understanding of life is conceived within Judaism However its ethics of wisdom is developed in a Hellenistic setting and provides a radical philosophy of life **The Saturday Review of Politics, Literature, Science and Art ,1881 American Publishers' Circular and Literary Gazette ,1856 The Annual American Catalog ,1902**
