Further evidence that a secret returnee program during the Reagan administration had succeeded.

Renovating the Sacred Irena Tina Marie Larking, 2020-05-15 The English Reformation was no bolt of lightning out of a clear blue sky. Nor was it an event that was inevitable, smooth or predictable. Rather it was a process that had its turbulent beginnings in the late medieval period and extended through until the Restoration. This book places the emphasis not just on law makers or the major players but also and more importantly on those individuals and parish communities that lived through the twists and turns of reform. It explores the unpredictable process of the English Reformation through the fabric, rituals and spaces of the parish church in the Diocese of Norwich c. 1450-1662 as recorded through the churchwardens' accounts and the material remains of the late medieval and early modern periods. It is through the uses and abuses of the objects, rituals, spaces of the parish church that the English Reformation became a reality in the lives of these faith communities that experienced it.
