The Dragon's Beasts Fred A. Wilson, 2017-06-14 The book of Daniel 2 reveals by symbols the successive empires kingdoms of the world with a statue of a human figure of a head of gold chest of silver thighs of bronze legs of iron and feet of a mixture of clay and iron Daniel 7 which describes four beasts a lion a bear a leopard and a terrible beast with ten horns

covers the same period in world history as in chapter 2 While the king of Babylon saw the majestic power and grandeur of the Gentile empire kingdoms Prophet Daniel saw their real character beastly conduct wicked rule and profligate government All the beasts empire kingdoms were destroyed by the Messiah Immanuel the Stone who the builders of the nations of man rejected and who is the cornerstone of the holy nation of believers Revelation 12 describes the great dragon thrown down the age old serpent that is called the devil and Satan he who continually deceives and seduces the entire inhabited world He was thrown down to the earth and his angels were thrown down with him This usurping dragon would form successive compacts with mankind for the dominion of the earth Revelation 13 shows the final compact between the nations of man and the man of sin Satan the dragons beasts engulfing even the holy people Israel the church the woman on the beast in Revelation 17 When the stone finally destroyed the lawless kings of the nations kingdoms their rule was dispersed to the lots of nation states created by the common people the rule of commoners These are the nation states of democratically elected commoners Revelation 13 and 17 shows the rebellion and apostasy of our Christendom Queendom of Babylon the great nation states of man setting themselves up against the son of man Immanuel Why the stone is about to crush Christendom of Babylon the great And the stone that smote the image became a great mountain or rock and filled the whole earth Daniel 2 3435 Yes he is the rock of ages **Northwestern Christian Advocate** ,1904 *Messengers* Stephen Martin, Joseph Marks, 2019-10-15 In the age of fake news understanding who we trust and why is essential in explaining everything from leadership to power to our daily relationships Sinan Aral We live in a world where proven facts and verifiable data are freely and widely available Why then are self confident ignoramus so often believed over thoughtful experts And why do seemingly irrelevant details such as a person s appearance or financial status influence whether or not we trust what they are saying regardless of their wisdom or foolishness Stephen Martin and Joseph Marks compellingly explain how in our uncertain and ambiguous world the messenger is increasingly the message We frequently fail they argue to separate the idea being communicated from the person conveying it explaining why the status or connectedness of the messenger has become more important than the message itself Messengers influence business politics local communities and our broader society And Martin and Marks reveal the forces behind the most infuriating phenomena of our modern era such as belief in fake news and how presidents can hawk misinformation and flagrant lies yet remain **Warmonger** Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband s support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas Warmonger How Clinton s Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton s foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan s two terms Clinton further expanded America s covert empire

of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton s malign foreign policies and U S complicity in terrorist acts In so many ways Clinton s presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent **New Statesman**

question everything they've been told about money, freedom and control in the digital age. It traces how the British establishment from the post-war era to the rise of Bitcoin has engineered subtle social and economic shifts, what the author calls *The Great British Stitch Up*. From ancient mythologies and the origins of human consciousness to the covert influence of global corporations, Wilson weaves a story that feels both scholarly and shocking. The tone is investigative yet deeply personal, part documentary, part confession, part social critique. If you've ever wondered who truly controls the game, *Project Chess* will make you rethink every move. Find out more: *Project Chess: The Great British Stitch Up, Volume One: What The Readers Are Really Saying* by Graham Wilson. *Project Chess* is unlike anything I've read in recent years. It blends historical analysis, personal narrative and modern socio-political commentary in a way that forces you to think. Whether or not you agree with every conclusion, you can't deny the depth of research and the courage behind this work. It's bold, challenging and deeply relevant to today's digital world. Dr Eleanor Whitmore, Political Historian, Lecturer, University of Kent. This book grabbed me from the very first chapter. It's part historical investigation, part digital age prophecy. Wilson connects dots between ancient power structures and modern data manipulation that most people never even notice. *Project Chess* left me rethinking not just our politics but our entire relationship with technology. Thomas R Caldwell, Tech Analyst, Independent Researcher. What struck me most about *Project Chess* is the raw honesty of the author. Beneath all the complex historical and political layers, there's a very human story about resilience, awareness and fighting back against invisible systems of control. It's not just a book; it's a wake-up call. Amelia Cross, Freelance Journalist, Mental Health Advocate. *Congressional Record*, United States Congress, 1960. Hyde's Weekly Art News, 1918. **Watson's Magazine**, 1906.
