Western Civilization Jackson J. Spielvogel, 2014-01-01

Western Civilization Since 1300 Enhanced AP Edition, 10th Student Edition Jackson Spielvogel, 2020 Any complete understanding of today's world must take into account the meaning of Western Civilization and the role Western civilization has played in history Despite modern progress we still greatly reflect our religious traditions our political systems and theories our economic and social structures and our cultural heritage The updated 10th edition of Western Civilization aligned with the updated course framework and exam aims to assist a new generation of students in learning more about the past that has helped create them and the world in which they live New material on world history has been added to show the impact other parts of the world have made on the West The ongoing struggle with terrorists since 2001 has made clear the intricate relationship between the West and the rest of the world It is important to understand not only how Western civilization has affected the rest of the world but also how it has been influenced and even defined since its beginnings by contacts with other peoples around the world Another goal of the text is to present a well balanced work in which the political economic social religious intellectual cultural and military aspects of Western civilization have been integrated into a chronologically ordered synthesis The latest research on social history and women's history has been integrated into each chapter of the book rather than isolating it in lengthy topical chapters or in separate sections Western Civilization aims to put the story back in history That story is an exciting one yet many textbooks fail to capture the imagination of their readers Narrative history effectively transmits the knowledge of the past and is the form that best aids remembrance At the same time the text presents the kind of historical analysis that reveals how historians often disagree on their interpretations of the past

Konstruowanie historii Anna Peck,

Stosunek do własnej historii i roli dziejowej czy stopniowo od sposobu jej postrzegania przez innych. Zjawisko kreowania wizji i interpretacji historycznych stanowi nieodczyny element procesu edukacyjnego. Percepcja oraz sposoby prezentacji polskiej historii i kultury w amerykańskich podręcznikach szkolnych i akademickich w zakresie przedmiotów w historii powszechnej historii europejskiej oraz historii cywilizacji zachodniej były w XX i na początku XXI wieku kształtowane pod wpływem zmieniającej się sytuacji społecznej i politycznej oraz dominujących tendencji naukowych. W koncepcjach filozoficznych i intelektualnych rozwijanych w Europie Zachodniej i Stanach Zjednoczonych od czasów oświecenia do końca okresu zimnej wojny najczęściej wykluczono narody oraz państwa Europy rodowej i Wschodniej z kręgu dominujących w świecie cywilizacji zachodniej. W konsekwencji Polska jej historia i kultura były traktowane marginalnie. Autorka analizuje nie tylko zawartość podręcznika, lecz także przyczyny dla których ci, gdzie jeszcze trudno znaleźć informacje, mimo na temat udziału Polaków w drugiej wojnie światowej. Katynia czy powstania warszawskiego.

Ecological Public Health Geof Rayner, Tim Lang, 2013-06-19 What is public health To some it is about drains water food and housing all requiring engineering and expert management To others it is the State using medicine or health education and tackling unhealthy lifestyles This book argues that public health thinking needs an overhaul a return to and modernisation around ecological principles Ecological Public Health thinking outlined here fits the twenty first century's challenges It integrates what the authors call the four dimensions of existence the material biological social and cultural aspects of life Public health becomes the task of transforming the relationship between people their circumstances and the biological world of nature and bodies For Geof Rayner and Tim Lang this is about facing a number of long term transitions some well recognized others not These transitions are Demographic Epidemiological Urban Energy Economic Nutrition Biological Cultural and Democracy itself The authors argue that identifying large scale transitions such as these refocuses public health actions onto the conditions on which human and eco systems health interact Making their case Rayner and Lang map past confusions in public health images definitions and models This is an optimistic book arguing public health can be rescued from its current dilemmas and frustrations This century's agenda is unavoidably complex however and requires stronger and more daring combinations of interdisciplinary work movements and professions locally nationally and globally Outlining these in the concluding section the book charts a positive and reinvigorated institutional purpose
